SUBJECT: AVAILABILITY OF BUREAU OFFICIALS

ADMINISTRATIVE

Reference is made to the Director's comment concerning the need for his being able to reach Bureau officials in an emergency and particularly to his efforts to reach Belmont, Sizoo, R. R. and Roach on Saturday morning.

At the time of the Director's call Saturday morning, I was en route to Catholic University and the Bureau operator, on communicating with my home, was provided the telephone number and extension where I could be reached upon my arrival there. Shortly after my arrival there I talked to the Supervisor on duty in my office [redacted] and ascertained the nature of the Director's call, went over the action which was already being taken by the Supervisor, and called the Director to advise him of the developments at that point. Sizoo has advised me that he was assisting on a Parent Teacher Association work project at a neighborhood elementary school approximately a mile from his residence; that his wife immediately drove over and picked him up and he talked with the Supervisor on duty within a matter of minutes after the Director had talked to the Supervisor. He outlined in general terms the action which should be taken and kept in touch with Supervisor [redacted] on developments. Roach has advised me that he was at his residence during the pertinent period Saturday morning, but it is entirely possible that his telephone might have been in use although not for any great length of time.

We in this Division are well aware of the importance of being in such a position that we can be reached immediately by telephone whenever possible. We will make every effort to be available by phone at all times and will, in the future, in addition to leaving advice with our families how we can be reached when it is necessary to be away from home, also call the Bureau switchboard in order that the operators may also know where we are.

Mr. Tolson took this matter up at Executive Conference this morning and vigorously pointed out to all members of the conference that it is essential that the Director be able to reach Bureau officials at all times and that when it is necessary for Bureau officials to be temporarily absent or unavailable, information must be readily available as to how they can be reached. I am sure that all Bureau officials clearly understand the Director's desires in this connection.

Following the original conviction of Junius Scales under the membership provision of the Smith Act, the Supreme Court, on June 3, 1957, remanded the case for a new trial on the basis of the Jencks decision in that during the original trial the judge refused to turn over to defense counsel reports made to the FBI by several Government witnesses.

On February 3, 1958, the retrial of Scales commenced in the U. S. District Court at Greensboro, North Carolina. This retrial was considered of utmost importance by the Department since the case had been chosen as the vehicle to secure a ruling from the Supreme Court on the constitutionality of the membership provision of the Smith Act. Accordingly, it was imperative that every effort be made to avoid any situations which might constitute reversible error and allow the Supreme Court to again remand the case without ruling on the constitutionality issue. The retrial lasted almost three weeks and ended on February 21, 1958, with a guilty verdict following which Scales was sentenced to six years in prison.

By memorandum February 25, 1958, SAC Chiles, Charlotte, submitted the following recommendations:

(1) SA Rufus H. Powell - Incentive Award of \$200

The Domestic Intelligence Division concurs in this recommendation. SA Powell was assigned to sit at the counsel table during the Scales retrial and from January 11, 1958, to the conclusion of the case, Powell worked closely with the Government attorneys assigned to prosecute the case. Powell's duties consisted of locating the numerous exhibits necessary at the trial; lining up interviews with potential witnesses; handling the hundreds of informant reports and other Bureau records utilized at the trial and maintaining constant alertness to assure

that the Bureau's interests were properly protected at all times. During this entire period SA Powell worked long hours including Saturdays and Sundays and on February 19, 1958, following a complicated ruling by the trial judge, SA Powell along with SA Carmon Stuart worked uninterruptedly for 36 hours to perform the necessary work to comply with the judge's order. At the conclusion of the trial, Judge Bryan called SA Powell to his chambers and commended the FBI, particularly concerning the outstanding performance of SA Powell in complying with the judge's various orders. Judge Bryan told SA Powell that Director Hoover and the FBI were to be congratulated for their diligence in carrying out this order and the FBI demonstrated to all parties in the case its complete impartiality toward the end that justice be done. The judge recognized the fact that his order of February 19, 1958, placed a great burden on the FBI and its personnel. It is apparent that SA Powell carried out a most complicated and delicate assignment in excellent fashion.

(2) SA Carmon J. Stuart - Letter of Commendation

The Domestic Intelligence Division concurs in this recommendation. In addition to the 36 hours of uninterrupted work performed by SA Powell and SA Stuart, SA Stuart also handled one of the most important witnesses [redacted] and formulated a plan adopted by Government attorneys which succeeded in keeping the identity of Bureau informant TT-1 from coming out during the testimony of [redacted] SA Stuart was included in Judge Bryan's comments to SA Powell.

(3) SA Richard L. Kesler - Letter of Commendation

The Domestic Intelligence Division concurs in this recommendation. In the absence of the SAC, SA Kesler, being thoroughly familiar with the ramifications of this complicated case, furnished guidance and assistance to SA Powell in carrying out his assignment.

SEAT OF GOVERNMENT PERSONNEL

The Domestic Intelligence Division also recommends that the following Seat of Government personnel be commended in connection with this case.

- (1) Supervisor E. F. Dooley, Internal Security Section, who supervised all phases of the investigation and prosecution of Scales. SA Dooley directed the preparations for the retrial and handled the numerous complicated problems which arose on a daily basis, primarily regarding the application of the Jencks decision and the Jencks law, it being noted that this was the first Smith Act trial since the passage of the Jencks law. SA Dooley's effective supervision is demonstrated by the successful conclusion of the case and was of an outstanding nature.
- (2) [redacted] and [redacted]
These employees serve as secretary and clerk, respectively, in the unit which supervised the case. They made substantial contributions in handling the extremely heavy and complicated clerical and secretarial functions connected with the preparation for and the actual retrial of Scales.

RECOMMENDATION:

That this memorandum and the attached letter from the Charlotte Office be routed to the Administrative Division for appropriate handling.

ADDENDUM: A. H. Belmont - March 1, 1958

In addition to the above recommendations, I also recommend that letters of commendation be directed to Inspector J. A. Sizoo and Section Chief F. J. Baumgardner, who were called upon during the preparation for the retrial and the actual retrial to hold frequent conferences with the Department and various field offices in order to quickly and correctly resolve many problems affecting the Bureau's interests and the successful conclusion of this case. I feel that the prompt resolving of these problems and the proper guidance issued by Messrs. Sizoo and Baumgardner to the field and to the supervisor handling this case is worthy of commendation.

ADDENDUM: 3-4-58, CRD:jp

The exceptionally fine work performed by SA Powell of the Charlotte Office during the trial of Ecales certainly appears to justify an Incentive Award. He operated under most trying conditions and the demands upon him obviously were extremely heavy. He met all of the challenges in a highly exemplary manner and was strongly praised for his outstanding performance. According to the approved table utilized in determining the amount of award to be given in cases of this nature, it is felt that his performance has been of moderate value and broad application thus entitling him to an award of between \$150.00 and \$300.00.

BUREAU RECORD OF SA POWELL:

EOD 7-14-41, GS-13, \$9635., Senior Resident Agent, Durham, North Carolina. During the last three years he has been censured on three occasions, last time being 2-21-56. During same period has been commended once by the Director and twice through his SAC. 3-31-57 annual performance rating was Excellent. Daily overtime average in January was 5 hours 29 minutes, and during 5 of preceeding 6 months daily overtime average was in excess of 3 hours.

RECOMMENDATIONS:

1. That SA Rufus H. Powell be approved for a cash award of \$200.00 for his outstanding work in this case (amount is consistent with awards for similar performances in the past).

DATE: February 19, 1958

FROM : A. H. BELMONT *ahb*

SUBJECT: JOSEPH A. SIZOO

ATTITUDE

The purpose of this memorandum is to report that the captioned employee reported for work on 2-18-58, notwithstanding the extremely hazardous travel conditions. In accordance with the Director's instructions this is to be made a matter of record in the employee's personnel file and considered as a COMMENDATION.

On Saturday, 2-15-58, the Washington, D. C., area was blanketed by fourteen inches of snow as a result of a storm which the Weather Bureau termed the worst that has struck this area in twenty-two years. Thereafter, high winds and near zero temperatures set in for several days making travel conditions extremely hazardous.

On Monday, 2-17-58, in recognition of the hardships and hazards that Federal Government employees would face in coming to work, a White House announcement was made encouraging such employees to stay home and take a day of annual leave. During the late afternoon of 2-17-58, a further official announcement emanated from the White House instructing that all Government employees who were not considered essential would be excused from work on 2-18-58 on Administrative Leave.

The captioned employee considered his work and his services to the FBI so essential that in spite of the foregoing announcement he took it upon himself to come to work and perform his regularly assigned duties. This is considered a highly exemplary attitude on the part of this employee and his actions in this instance certainly demonstrate his devotion to duty and the fact that he places his employment with the FBI above his personal convenience.

RECOMMENDATION:

That this memorandum be placed in the employee's personnel file.

The preparation of material for the Director's use at the conference with the Attorney General today in connection with captioned matter was assigned to Supervisor E. B. Reddy of Internal Security Section. Attached is memorandum of explanation by Mr. Reddy for his failure to include in this material background data concerning Confidential Informant [redacted]

For your information, Mr. Reddy is one of the top experienced supervisors in the Internal Security Section. As Supervisor-in-Charge of Smith Act Desk, he has handled a number of highly complicated Smith Act cases from their inception to their conclusion. In this connection he has assumed responsibility for preparing all facets of these cases including gathering of admissible evidence and lining up witnesses in order to insure eventual success in trials of these complicated cases. Representative of his work is fact he was commended 8/17/54 and 4/10/56 for capable supervision of Smith Act cases. On 6/15/55 he received Incentive Award of \$225 in recognition of outstanding manner in which he supervised Smith Act investigation and trial of Communist Party functionaries in Denver.

This supervisor has demonstrated in the past the ability to handle delicate and complicated assignments. He prepared brief on Communist Party attacks against Government witnesses on 12/5/56. He was in charge of preparing the Jencks brief on 6/7/57 which required correlation of data submitted by two other divisions in the Bureau and which involved technical and complex presentation, demanding work under intensive pressure for considerable periods of time. He contributed substantially to brief concerning prosecutions in the security field 7/2/57, principal portion of which related to Smith Act prosecutions.

In reviewing the assignment charts for the various divisions, I noticed that the assignment chart for the Domestic Intelligence Division is misleading in that Special Agent Supervisor W. V. Cleveland is listed as Number One Man. A chart is attached for your ready reference. Mr. Cleveland is not the Number One Man of the Division and actually serves as an assistant to Mr. Belmont with duties primarily consisting of the review of Division mail and memoranda, similar to those performed by Mr. Scatterday in Mr. Boardman's office. The Number One Man duties of the Division are actually divided between Inspectors J. A. Sizoo and D. E. Moore who have joint responsibility for supervision of all sections of the Division.

It appears desirable to more clearly set forth the supervisory responsibility in Mr. Belmont's front office so that there will be no question as to the chain of command.

RECOMMENDATIONS:

- (1) That Supervisor Cleveland's name be deleted from the top of the chart and placed on the chart along with the other supervisors in the Division.

*list as is on chart
as a Supervisor*

- (2) That Inspector Sizoo's name be listed under Mr. Belmont's name and that he be designated as the one to serve during Mr. Belmont's absence.

- (3) That Inspector Moore's name appear third and that he be approved to serve in charge of the Division during the absence of both Mr. Belmont and Inspector Sizoo.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Reference is made to the attached memorandum to the Director dated January 8, 1957, captioned "Request to See Director" concerning which the Director asked that an explanation be submitted as to why a more complete memorandum on the Hungarian situation was not prepared for his use in the event he saw [redacted]. Attached also are 2 other memoranda subsequently sent to the Director's office on which the Director made additional comments concerning the inadequacies of the first memorandum.

I have checked the handling of this memorandum in this Division and I find that Night Supervisor [redacted] received a telephone call from Mr. Holloman at approximately 7:15 p.m. last evening (1/8/57). In my absence [redacted] then advised Sizoo and Moore that Mr. Holloman had asked for a summary memorandum on [redacted] since [redacted] secretary had called indicating that Mr. [redacted] desired to see the Director on January 9th, if possible. [redacted] said Mr. Holloman asked that this material be in the Director's office the first thing on the morning of the 9th.

Sizoo noted we recently prepared a summary concerning [redacted] and raised the question as to whether or not it would be desirable to include material on the status of the Hungarian refugee program as far as the Bureau was concerned since [redacted] obviously wanted to discuss this program with the Director, and suggested that we furnish the Director the recent summary memorandum and any new data concerning [redacted] together with up-to-date material on the refugee program. It was understood that the Director was being kept advised of current developments in the program and that the most recent memorandum had gone up January 8th. It was, therefore, suggested that a copy of that memorandum, if the original could not be located, be sent up with the cover memorandum. [redacted] prepared this memorandum during the late evening hours of January 8th and it was sent to the Director's office this morning.

Memorandum for Mr. Boardman

I have since learned from Holloman that he had in mind when he called [] the submission of a more complete memorandum summarizing the developments in the Hungarian refugee program as well as furnishing available personal information concerning []. In rechecking this with [] he advised that it was his clear impression that a summary memorandum on [] himself was all that was requested. Both Sizoo and Moore have advised me that they fully realize they should have checked back with Holloman to make certain of the exact request and even in the absence of checking back with Holloman, should have realized that a summary of the background and developments of our participation in the Hungarian refugee program should have been furnished the Director this morning. It should be noted that Sizoo was acting in charge of the Division in my absence and that the supervision of the Hungarian refugee program falls within the branch of this Division supervised by Moore.

There is no question that this memorandum was inadequately handled in this Division and the mishandling is certainly regretted. I feel administrative action is desirable against the personnel responsible.

It was well known that [] wanted to discuss the refugee situation.

RECOMMENDATIONS:

That Sizoo and Moore be censured. No action is recommended as to [] as I feel he relayed the instructions as he understood them and it was the responsibility of Sizoo and Moore to determine exactly what information would be of assistance to the Director and see that it was provided.

1. Sizoo, Moore & [] are to be censured. There seems to be no doubt as to what Holloman asked for & [] should have gotten it straight.

2. The staff's request for information should be directed to the Staff & the Director or the Assistant for the supervision.

J.A. X. 5, 200
A. H. Belmont In view of the Director's instructions on the attached memorandum, we are attempting to arrive at the most feasible way to handle memoranda heretofore prepared in the Special Memoranda Unit of the Liaison Section. Memoranda concerning persons (or organizations) who are known to supervisors because of past security investigations or mail going over a supervisor's desk, pose no problem. They will be handled by the case supervisor. The type of memoranda in question are those of a general nature which do not relate to the work being handled on the desk of any substantive supervisor. Such memoranda can be assigned around this Division to the various supervisors for handling. It might also be feasible to have them prepared by the Name Check Section of the Investigative Divisions. Furthermore, they could be prepared over the various divisions on the basis of subject matter, i.e., inquiries from the White House or Rogers concerning applicants could be handled by the Special Inquiry Section of the Investigative Division, inquiries concerning persons involved in any way with the Loyalty Program could be handled in the Loyalty Section, etc.

However, before pursuing these possibilities further, we would not feel that we were fulfilling our responsibilities to the Director and the Bureau if we did not outline this problem in greater detail and recommend that the over-all problem be further considered by the Director based on what we hope to be a more complete presentation of the facts. We have concluded that our prior memoranda on this subject were entirely inadequate. They were prepared to answer specific questions and in retrospect did not present a good over-all picture of the problem, being at best a "piecemeal" presentation. The Director obtained the impression that we were not whole-heartedly attempting to apply the basic principles (1) that the supervisor handling the current material was in the best position to write a summary memorandum on any given case file or matter; and (2) that as a general rule a Special Agent Supervisor will prepare a better memorandum than a clerical Research Analyst. We agree most sincerely with these principles and it has been our purpose to attempt to apply them to the maximum degree in accordance with the spirit of the Director's comments and in the Bureau's best interests. Any impressions we might have left to the contrary were as a result of poor judgment in the preparation of our memoranda and not the lack of desire to comply with the Director's desire that procedures be changed to effect better over-all handling.

MEMORANDUM FOR THE DIRECTOR, FBI

b6

As you know, the substantive supervisors have always prepared all memoranda on active investigative cases or matters which they are supervising. This has included summary memoranda which might be requested by the Director, the Attorney General, or anyone else. For instance, a request for a summary memorandum on [redacted] would be prepared by the Espionage Supervisor handling this case. A check of the memoranda prepared in this Division for the month of August, 1956, indicates that the substantive supervisors (other than those assigned to the Special Memoranda Unit) prepared 89% of the memoranda leaving this Division. The memoranda prepared in the Special Memoranda Unit (prior to the recent change arising from the Javits case) have been those answering requests for information on persons on whom there were no investigative cases. This includes requests from the Director such as the one of a few days ago concerning Whitney North Seymour, Sr., and name check requests for Deputy Attorney General Rogers. Many of these requests result in "no record" responses, but still involve the review of many files of persons of the same name. In addition, there are prepared in this Unit memoranda covering the review of transcripts of testimony before Congressional committees which relate to persons on whom there was no investigative case. The volume of memoranda prepared in the Special Memoranda Unit has consisted of 11% of the memoranda clearing through this office and, with other assignments identified later in this memorandum, have required the services of 11½ employees (6½ Agents and 5 Research Analysts). During the last fiscal year this Unit handled 3,147 requests for file reviews, included in which were 625 prepared at the Director's and other Bureau officials' request, 383 White House requests, 377 Attorney General requests (including those from Rogers), and 88 requests pertaining to Congressional inquiries. As a matter of interest, we have so far today received 28 name check requests from [redacted] 20 from the White House, one from the Director, one from the Attorney General, and one Congressional inquiry, of the type we are processing in this unit. b7D

However, there has always existed a twilight zone between those requests clearly falling on the desk of a substantive supervisor and those having no connection with a substantive desk. These requests relate to either recently closed cases or instances where we have had no active investigation but have received mail from the field or Seat of Government memoranda which, because of their security nature although not warranting investigation, were routed to and initialed by a substantive supervisor. The preparation of such memoranda has in the past been assigned on an individual basis. However, as highlighted by the summary on Javits, it now appears that without question such memoranda should be handled by the substantive supervisor who initialed the mail. These twilight zone

Memorandum for Mr. Boardman

Re: Special Memoranda Unit, Liaison Section

requests have been estimated to comprise approximately 5% of the memoranda heretofore handled in the Special Memoranda Unit, and in accordance with our recent memorandum to the Director, we are now having such requests handled by the substantive supervisors.

The problem before us now is who is to handle general requests not falling directly on the desk of any substantive supervisor such as the one concerning [redacted] mentioned above, or the one we handled today for the Director with reference to C.D. Jackson. In instances such as these relating to public figures, it is often necessary to obtain additional background information to make an adequate file search possible or to round out the memorandum. The Special Memoranda Unit has current and back copies of such reference material as "Who's Who," "Martindale-Hubbel, Law Directory," etc. Contacts by liaison for identifying data and inquiries of the field are also often necessary to provide the proper service to the Director, the Attorney General or the White House. The personnel of this Unit have become specialists in this type of research. Another typical example is the request received yesterday from Mr. Rogers of the Department for information in our files concerning the Arab-Asian Institute, Inc., [redacted] and [redacted]. Upon receipt of this mail, it is necessary to determine whether or not any of these subjects are of current investigative interest. This is done in the Special Memoranda Unit. Frequently, extensive file studies are necessary as a preliminary step and if an active case is found to relate to the person in question, the matter is then transferred to the substantive supervisor; however, this preliminary examination often requires the review of many references.

As to the review of congressional testimony in this Unit, where the witness is the subject of an active Bureau case, the review is handled by the substantive supervisor. (we are now also having testimony regarding persons, with whom substantive supervisors is familiar, reviewed by him.) Where the subject of testimony is not familiar to a specific supervisory desk, the review is made in the Special Memoranda Unit. In all instances, however, the transcripts are logged in and out of the Special Memoranda Unit to insure that all will be quickly processed and returned to the appropriate committee.

In addition, certain other work is handled in this Unit which is not specifically related to the preparation of memoranda. This includes the supervision of and dissemination to the Civil Service Commission and interested Government agencies of information relating to sex deviates in the Government; the handling of this Division's defense plans; and the following of mail relating to the activities of the Fund for the Republic, including the preparation of and keeping up to date of running memoranda. These last enumerated items require the services of the equivalent of approximately two Agent Supervisors full time. In addition, the full-time night supervisor in my front office, for administrative purposes, is also carried as being assigned in the Special Memoranda Unit.

We have had a Special Memoranda Unit in the Bureau for many years. It is recalled that in 1942 this Unit was part of the Internal Security

r. Boardman

Special Agent Supervisor, Liaison Section

Section and then consisted of five Special Agent Supervisors. The number of men assigned to the Unit has varied over the years and there were times when the manpower was not adequate to handle the requests. Therefore, some memoranda were of necessity handled by substantive supervisors even though they had no connection with their regular work. This often resulted in delinquencies in other work. In 1951 there was created in the Liaison Section a Name Check Unit, with the Special Memoranda portion then being a sub-unit. This was set up in this fashion in order to maintain the necessary personnel on a constant basis and to develop specialized techniques which would permit the preparation of general memoranda as efficiently and expeditiously as possible. In 1952, the Name Check Unit was transferred to the Investigative Division and the Special Memoranda Unit was retained as part of the Liaison Section in order to render the best possible service to the Director and to handle his requests, and those of the Attorney General, Deputy Attorney General and the White House in the best possible manner. We have found we can give the Director the prompt service he is entitled to through this specialized handling, whereas, if the memoranda are assigned throughout the Divisions, we believe we will run into problems of pinning down responsibility, control and interruptions of the daily flow of work over the case desks which we require the supervisors to handle on a current basis.

In connection with the matter of using Special Agent Supervisors as compared to the use of clerical Research Analysts for the preparation of special memoranda, it should be noted that in 1951 it was recommended and approved that clerical Research Analysts' positions be set up in the Bureau. It was thought that experienced clerical employees could prepare competent memoranda at a cost less than that occasioned by the use of Special Agent Supervisors. It was also thought that this would give promotional opportunities for older experienced clerical employees. At that time some Research Analysts were assigned to the Special Memoranda Unit and by and large they have performed in satisfactory fashion. However, there is no question but what requests handled in the Special Memoranda Unit are of the most important character and it would be logical to use the best possible talent on the most important work. There is no doubt an experienced Special Agent Supervisor can prepare a better memorandum than a clerical Research Analyst. It may, therefore, be desirable to have all memoranda in this Unit, because of the important character of the work, handled by Special Agent Supervisors. This was not recommended in earlier memoranda as we were not unmindful of the salary differential involved and possible added cost by having all such memoranda handled by Special Agents.

We have considered this matter most carefully. Bearing in mind that generally speaking a Special Agent Supervisor should be able to produce more work than a Research Analyst in the same time, and since

Memorandum for Mr. Boardman
Re: Special Memoranda Unit, Liaison Section

Special Agents on the average perform two hours per day overtime, it is quite possible that we could handle the current volume of work if we were to release the five Research Analysts and replace them with two Special Agents. The transfer of some of the memoranda to the substantive desk as indicated earlier in this memorandum will assist in making this possible. We would then be releasing all five Research Analysts with a total salary of \$26,000, and replacing them with two Special Agents with a total salary of \$19,612 (Grade GS-13).

Notwithstanding the above, if the Director feels he was adequately informed on the prior memorandum when he decided to abolish the Special Memoranda Unit, we will immediately take steps looking towards the discontinuance of it and make other plans for the handling of the type of memoranda which are described herein. However, we do not feel, having re-examined our prior memoranda, that an adequate, over-all picture of the problem was presented to the Director. This memorandum is written with the thought of being of maximum assistance to the Director in this matter, with the utmost respect for his judgment, and with the knowledge that the Director has always sought full and adequate facts as a basis for decisions. This memorandum is prepared with the hope that we have provided herein a more complete presentation of the problem involved and with no intention of engaging in semantics or a lengthy discussion on the subject.

RECOMMENDATION:

That the Special Memoranda Unit of the Liaison Section be continued, but that the five Research Analysts be transferred to other duties more commensurate with their abilities and that they be replaced with two Special Agent Supervisors.

There are attached memoranda of explanation dated July 11, 1956, from Supervisor James E. McArdle, Inspector Joseph A. Sizoo, and Inspector Carl E. Hennrich regarding the failure of McArdle to call to the attention of Mr. Belmont's office the receipt of the Attorney General's duty schedule on Monday, July 9, 1956, and the failure to include this information in the brief which had been prepared for the Director's use in conference with the Attorney General on July 11.

Mr. McArdle states that Mr. Airhart, in furnishing the schedule to him, advised it was not to be considered a final duty schedule in that he was not certain where the Attorney General would be at any given time during the test. Airhart was of the opinion the schedule would be changed in the near future. McArdle states that on the basis of Airhart's statements, he (McArdle) retained the schedule for ~~reference~~ in the over-all plan for Operation Alert, 1956, as soon as the final draft of the schedule was received.

McArdle states he was aware of the Director's conference with the Attorney General, but refrained from taking action to include the schedule in the Director's brief, since, on the basis of Airhart's statements, he (McArdle) believed the schedule could not be relied upon.

McArdle recognizes he made an error in judgment in this matter. He expresses regret and assures that henceforth any matters which could be considered of interest to the Director will be handled with dispatch and diligence.

Memorandum to Mr. Boardman from Mr. Belmont

Mr. Hennrich states he had advised responsible personnel of the necessity for including proper material in the brief for the Director's use in the conference with the Attorney General and for keeping the brief up to date. He states he arranged to have certain material added to the brief, following its submission. Mr. Hennrich recognizes he did not sufficiently impress the personnel with the necessity of seeing to it that proper items were placed in the brief, and he recommends that he be censured for this.

Mr. Sizoo has submitted a memorandum regarding his checking on the status of the brief on the afternoon of July 10. He states he checked with Mr. Bland, the brief being a joint effort on the part of Supervisor Rushing, in Mr. Bland's Section, and Supervisor McArdle, in the Liaison Section. Mr. Sizoo was advised by Mr. Bland that the brief was up to date and that Rushing was maintaining close contact with McArdle and that any changes would be immediately included.

ACTION:

As of now, all documents received from the Department in connection with Operation Alert will be immediately brought to the attention of Mr. Belmont or whoever is acting in his absence.

RECOMMENDATIONS:

1. Supervisor James E. McArdle has been handling the coordination of details having to do with FBI Defense Plans since prior to Operation Alert, 1955. He has been a competent supervisor, has handled a mass of detail, and has over a long period of time exercised uniformly good judgment in planning our operation both under actual emergency conditions and for Operation Alert purposes.

There can be no doubt that his judgment in connection with this incident was bad. He decided, on his own responsibility, that on the basis of Airhart's statements to effect the schedule would be changed in the near future, the schedule could not be relied upon and, therefore, he did not submit it for inclusion in the Director's brief. He recognizes his mistake in judgment.

It is recommended that Mr. McArdle be severely censured and placed on probation.

Since writing my memorandum of September 8th in this matter, I have learned that Section Chief Bland and Supervisor [redacted] were on three weeks' leave starting August 13 and returning to their desks on September 4th, one day before Javits testified. Knowing the Director's desire for fair play, I have, therefore, inquired into additional facts in this matter.

J. F. X BLAND

That portion of the alphabet on security matters covering [redacted] was handled by Supervisor W. H. Floyd along with his other work. On Thursday, August 30th, Mr. Floyd noted a press clipping reflecting that Javits might appear before the Senate Internal Security Subcommittee. He called this to the attention of Supervisor O. T. Mansfield, Acting Supervisor in Charge, as to [redacted] should be called to the attention of Bureau officials. [redacted] spoke about the clipping to Mr. Paul Cox, Acting Section Chief in the absence of Mr. Bland. Mr. Cox brought the clipping to Mr. Sizoo that same afternoon. Mr. Sizoo was cognizant of the fact that Bureau officials were already aware that Javits might appear before the Senate Internal Subcommittee in view of Mr. Nichols' discussions with [redacted] of the Committee and, therefore, advised that the clipping need not be sent upstairs and particularly as the official newspaper clippings were made in Mr. Nichols' division and this was a clipping for the division only. The clipping was returned to Mr. Floyd with the understanding that no memorandum was necessary on the clipping. Mr. Floyd had called the files and kept the files and the clipping which he called to [redacted] attention upon his return to the desk on September 4th. [redacted] inquired whether any action was to be taken and was informed by Mansfield and Floyd that the clipping had been discussed and no action was to be taken on it in the absence of instructions. [redacted] states he knew that the file was up to date from the dissemination standpoint and, therefore, he released the file on the afternoon of September 4th. [redacted] was under the impression that the Javits matter was being followed very closely by Mr. Nichols in view of the memoranda in the file showing repeated contacts and discussions between Mr. Nichols and [redacted] of the Committee. [] was alerted on Wednesday morning to handle the results of the hearings being covered by the Washington Field Office and immediately handled them and walked through the letter to the Attorney General on Wednesday afternoon.

Mr. Bland returned from leave on the morning of September 4, 1956. His attention was first drawn to this file on the morning of September 5th when he received instructions from Mr. Sizoo to have a Supervisor in readiness to prepare a cover memorandum for the information on the hearing that day to be furnished by the Washington Field Office. He so instructed [] and followed through to see that this was done. b6

As stated above, I felt the Director should have the full story on this in so far as possible. As stated in my previous memorandum, we recognize the responsibility for having complete knowledge of what was in our file on Javits and for an immediate comparison of Javits' testimony with the information in our files. We failed to meet this responsibility.

RECOMMENDATION:

I respectfully suggest that taking into account these additional facts, the Director may want to further consider this before final action is taken.

In reviewing the facts, as I previously stated, there was a general failure on the part of our people to immediately recognize our responsibility in this matter, and I feel that the primary responsibility rests with Belmont, Sizoo, Bland and [] b6

I sincerely regret that in my haste to get a reply to the Director's questions I did not learn earlier that Bland and [] had been on leave and explore the situation more fully.

I still think both should be censured for failing to recognize and carry out responsibilities

yes. Also I want to know who prepared the summary which last went to W. D. & which was ambiguous as to rights with Brandon & silent on the timing trip.

DOMESTIC INTELLIGENCE

Reference is made to the Director as to why he could not receive answers to two questions which Rogers asked concerning the ferry ride Javits had with [redacted] and the contacts between Javits and [redacted]

Manifestly we should have been able to come up with the answers to the questions the Director asked. In exploring why we did not we come up with following picture.

b6

The Domestic Intelligence Division handled a name check request for [redacted] of the White House the latter part of July, 1956, at which time we sent to the White House the information in our files concerning Javits. On September 4, 1956, Director advised that the Attorney General had requested that we pick up anything we could on Javits' appearance before the Internal Security Subcommittee on September 5. I arranged for Mr. Nichols' Office to contact [redacted] to cover any closed meeting and he instructed the Washington Field Office (WFO) to cover the open meeting if there was one. Mr. Sizoo instructed that a supervisor be prepared to transmit immediately to the Attorney General by cover memorandum the information received from WFO and this was done on the afternoon of September 5, 1956.

b6

This is a silly explanation. There are many more matters in which we have not had an investigative case on Javits and, therefore, the Javits matter was not assigned to a specific investigator. We did not have an investigative case on Javits and, therefore, the Javits matter was not assigned to a specific investigator. We noted that Mr. Nichols was supervisor for over-all supervision. We noted that Mr. Nichols was in touch with [redacted] of the Internal Security Subcommittee and on developments preceding Javits' appearance before the committee. Three copies of the WFO resume of Javits' testimony on September 5, 1956, were received from the WFO. Two of these were sent to the Department and at Mr. Nichols' request the other was sent to him.

The recent serials on this file primarily consist of memoranda dictated by Mr. Nichols concerning conversations by [redacted] however, these serials did come to the Domestic Intelligence

Division and were ultimately processed by Supervisor [] in the Subversive Control Section. This mail was not of a nature to require investigation by the Bureau, nevertheless, as it was processed by the Domestic Intelligence Division and [] we clearly have a responsibility for it.

Testimony before a congressional committee on any subjects with a security aspect are reviewed by the Domestic Intelligence Division. We review this testimony from an informative standpoint and also to see whether there may be perjury involved. The testimony of Javits at first blush appears to reflect evasiveness and lack of memory but not perjury on his part, nevertheless, it should be reviewed in our Division.

CONCLUSIONS:

I can only conclude that there was a general failure on the part of our people to immediately recognize our responsibility to (1) be thoroughly acquainted with everything in the file on Javits, and (2) to immediately review the testimony of Javits and compare it with information in our files. We were on notice from the papers and the buildup in this matter that it was a matter of urgency. This is the same type of situation that we recognize almost every day and take anticipated action on it and there was a general failure to do so in this case.

RECOMMENDATIONS:

(1) In view of the fact that this was a ^{general} failure and not the responsibility of just one man I recommend letters of censure for the following: A. H. Belmont, J. A. Sizoo, Section Chief J. F. Bland and Supervisor []

Censure to Belmont & Sizoo. Bland & [] to be relieved & transferred to the []

(2) I believe our system is properly set up in handling this sort of a situation and the failure here is in lack of alertness to apply the system.

I have never seen worse handling nor more stupid explanations. We have supervisory personnel which have to be told exactly what steps they should take in each case. They are not qualified to be supervisors and must be replaced.

Dear Mr. Sizoo:

The Bureau has noted that a number of nonsubstantive errors have appeared in official Bureau correspondence reviewed and approved by you during the past several months. The failure on your part to detect these errors and to have them corrected is most serious.

Hereafter, you will be expected to exercise greater care in reviewing Bureau correspondence so that there will be no further occasion to criticize you in this manner.

furnished by the source, as well as current information relating to CP membership in New Jersey.

[redacted] has served in a leadership capacity in the NJCP for more than 10 years and had been an alternate member of the National Committee of the CP since 1950. She was active in the National CP underground apparatus from 1951 until she was apprehended in November 1954. Subsequent to her apprehension, she returned to Newark and took up residence with her husband and son at [redacted]. Since that time she has been openly engaged in CP activity on a National and State level. b6

In January 1956 SA GERHARD P. HUNDT, to whom the [redacted] case is assigned, undertook necessary surveys and preliminary investigation in the area of [redacted] residence in order to determine the feasibility of developing a highly confidential source. Through intensive investigation, SA HUNDT developed a reliable neighborhood source who was the [redacted] resides. b6

This source was contacted on a regular basis by SA HUNDT and SA BILLIE D. The plan provided for coverage of [redacted] and her family while they were vacationing in the Albany Division and also for the coverage of various security subjects in the "Clinton Hill" Section of Newark, who were close associates of [redacted] and might have access to [redacted] residence. b7D

The "Clinton Hill" Section of Newark is recognized as an extremely difficult area in which to conduct physical surveillances due to the large number of CP functionaries who reside in this area and who continually resort to various tactics to detect physical surveillances. Due to the

experience and knowledge of the participating Agents of the various security subjects involved, however, the highly confidential source was contacted under full security conditions as planned and as noted above was extremely productive.

The various phases of this operation were participated in by personnel assigned to a Security Squad of the Newark Division under the direct supervision of Acting Field Supervisor [REDACTED] and in view of the excellent results obtained through contact with this source, it is recommended that the Bureau consider directing individual letters of commendation to the following:

JOHN F. BURKE

PAUL F. DINSMORE, SR.
WALTER V. MC VEE

In addition, it is recommended a letter of commendation be directed to SA ROBERT G. OSBORNE, who assisted in the surveillance incident to the contact with this source on Thursday, 7/12/56. This Agent, although assigned to another Security Squad in the office, volunteered for this assignment and very capably discharged his responsibilities.

It is felt that all of the above named Agents displayed a very high degree of alertness, effectiveness and good judgment in the discharge of their individual assignments, without which it would have been impossible to contact this source. It is also believed that the

success of the operation was largely due to the initiative, resourcefulness and excellent planning of SAs GERHARD P. HUNDT and BILLIE D. WILLIAMS. Separate communications are being furnished the Bureau recommending that SAs HUNDT and WILLIAMS be considered for an Incentive Award.

Due to nature of the development of instant source, it was not possible to present this to the Bureau for their authority until practically the last minute. It was presented to and acted upon immediately by Inspector JOSEPH SIZOO. It is my feeling that the expeditious and forthright handling of this matter by Inspector SIZOO should also be commended by the Bureau.

Sizoo advised he should not be considered for commendation.

SYNOPSIS:

New Haven Smith Act conspiracy trial involving eight defendants commenced 10-14-55 and concluded 3-29-56 when jury returned a verdict. On attached memorandum reflecting the verdict, the Director noted "See that proper recognition is given Bureau personnel participating in this case. H." By letter 3-29-56, SAC Casper, New Haven, recommended incentive awards ranging from \$50 to \$225 for eight New Haven Agents and a general letter of commendation to the New Haven Office which would comment specifically on contributions of clerical and stenographic personnel. SAC Casper being recommended for letter of commendation since he had over-all responsibility for investigation and problems in connection with prosecution of case. Supervisor P. W. Dise, Domestic Intelligence Division, being recommended for reallocation from Grade GS-13 to GS-14 in view of excellent supervision at Seat of Government (SOG). Dise assigned to SOG on 7-2-51 and will have completed five years of continuous service at SOG on 7-1-56. Annual efficiency rating on Dise attached for consideration in connection with this matter.

RECOMMENDATIONS:

1. The Domestic Intelligence Division concurs with the recommendations for incentive awards as submitted by SAC Casper and concurs with the SAC's recommendation that a letter of commendation be addressed to the New Haven Office in which specific recognition is given to stenographic and clerical personnel of that Office.

2. It is recommended that SAC Casper be awarded a letter of commendation for his excellent over-all supervision of this matter in the New Haven Office.

DETAILS:

New Haven Smith Act trial commenced 10-14-55 with eight defendants. The trial was completed on 3-29-56 when the jury returned a verdict of guilty as to six defendants, acquitted one defendant, and could not agree as to one defendant. By attached memorandum dated 3-29-56, the results of the trial were set forth on which memorandum the Director noted "See that proper recognition is given Bureau personnel participating in this case. H."

Field Office Personnel:

By letter dated 3-29-56 SAC Casper, New Haven submitted recommendations for recognition of New Haven personnel involved. The recommendations include eight incentive awards and, since the New Haven Office is relatively small, Casper recommended a letter to the New Haven Office commending all employees for their efforts in this case with specific comment being made concerning the part played by stenographic and clerical employees.

Incentive Awards Recommended:

1. ASAC Albert J. Rushing, Jr. - \$200

Rushing had direct responsibility for supervision of the eight cases under the over-all supervision of the SAC. He gave freely of his own time, averaging four hours, six minutes daily over-time since August, 1955, to become familiar with the cases and to direct the squad handling the cases to its ultimate goal.

2. SA [] - \$200

[] has participated in handling matters directly related to these cases since the return of the

Memorandum for Mr. Boardman

indictment in June, 1954. He participated extensively in conferences with Government attorneys regarding witnesses and evidence. He initiated necessary action on the basis of his own knowledge and judgement which contributed materially to successful prosecution.

3. SA Lloyd S. Goodrow - \$175.

This Agent handled two active security informants who became key witnesses, one of whom he had been successful in reactivating in 1948, despite her reluctance to serve as an informant. He arranged and handled conferences between the informants and the attorneys, including interviews at his home at considerable personal inconvenience, to assure security of the informants until their appearance as witnesses.

4. SA [redacted] - \$225

[redacted] was the principal coordinating Agent for the case and functioned as liaison Agent with Government attorneys. He handled numerous matters relating to the obtaining of evidence, locating and contacting prospective witnesses and correlating information pertinent to prosecution. He used his knowledge and judgement to initiate necessary action and devoted much of his own time to the case at great personal sacrifice including periods of illness in his family.

5. SA Edward R. Whalen - \$150.

This Agent has handled one of the informants, who became a key local witness at the trial, since 1951. He set up conferences with Government attorneys under secure conditions, frequently at night and on weekends. The informant's reluctance to testify was overcome by Whalen and by his superior guidance, the informant was developed as a willing witness. He overcame many other problems in connection with the informant with the result that the informant became a Communist Party member in 1952, thereby enhancing his value and resulting in his services being of considerable value to New Haven.

6. SA Salvatore F. Ducibella - \$100.

Ducibella acted as observer in the courtroom and prepared the daily summary of events and developments in the courtroom. He prepared detailed daily summaries for the Bureau which require absolute accuracy and completeness and necessitated his close and undeviating attention in the courtroom during the five months the trial was in progress. He was under considerable pressure at all times and was responsible to see that pertinent events and developments were brought to the attention of appropriate personnel and the Bureau expeditiously.

COPY 148

7. SA Winthrop A. Young - \$100.

This Agent successfully and intelligently handled two former informants who were important local witnesses at the trial. One of these had never before appeared as a witness and interviews with Government attorneys required careful handling to assure that the defense did not become aware that the informant was to testify. Young located and reviewed informant reports and other material submitted by the informants during the trial when their production was called for by the judge and when time was of the essence.

8. SA Louis P. Hurley - \$50.

Hurley was responsible for the administrative handling of all exhibits used during the trial including locating, indexing, and making available all necessary items to be used by Government attorneys during the trial. This procedure required accuracy and called for complete availability of pertinent exhibits necessitating close attention by Hurley during the entire five months the trial was in progress.

SAC Casper had full and complete responsibility for the overall assignment of duties and supervision of this case. He has closely watched the progress of the case and has used initiative and good judgement in handling all assignments in connection therewith. In view of his excellent handling of this case, it is believed that he should receive appropriate individual recognition.

SOG Personnel

The New Haven Smith Act case has been assigned to Supervisor P. W. Dise since 1952. The investigations, during the period when data was being gathered for prosecutive purposes, were supervised by this Agent who, through his familiarity with the type of evidence needed to support successful prosecution, was able to give guidance and direction to the field. He was constantly alert to suggest potential witnesses and to give the field pertinent instructions regarding interviews with such persons. Several of the defendants in this case were in the Communist Party underground apparatus when the Department decided to initiate prosecution. Investigations to locate these underground subjects were directed by Dise with the result that all defendants were apprehended and were available for prosecution. Dise directed the apprehensions and supervised all preparations for the trial itself, which lasted from 10-14-55 to 3-29-56.

COPY 148

Prior to the start of the trial, Dise issued detailed instructions to New Haven with respect to the handling of specific problems which could be anticipated in connection with a Smith Act trial. These instructions were based on Dise's knowledge gained from his experience in supervising Smith Act Trials over a period of several years and were of inestimable value to New Haven in recognizing potential problems before they arose and in handling them if and when they did arise.

In preparing for trial, New Haven submitted voluminous requests for exhibits. By diligent attention to details and by undertaking research when necessary, this supervisor was able to supply New Haven with the material needed for trial. Since active informants were to be used as witnesses, Dise gave detailed and specific instructions to the field as to how these informants should be handled to preclude their disclosure as witnesses prior to trial. This was particularly difficult in New Haven since the Communist Party was making a concentrated effort to determine the identities of Government witnesses and was attempting to obtain signed statements from the informants to the effect that they had never heard the defendants advocating forceful overthrow of the Government. By careful guidance, they were preserved as surprise witnesses. In addition to the problems which arose prior to trial, numerous complex problems arose during the trial which necessitated immediate attention and prompt action by the SOG supervisor. During the trial, the defense filed a number of motions requiring the production of Bureau records and calling for issuance of subpoenas directed to the SAC to produce these records. A tactic never before used by the defense was initiated in this trial when a defense subpoena was directed to the SAC to produce records regarding surveillances conducted on the defendants. In all instances, where subpoenas were served or motions presented, Dise acted capably and promptly in protecting the Bureau's interest and, when necessary, furnished detailed instructions to New Haven outlining the procedures to be followed to prevent disclosure of confidential Bureau records and possible embarrassment to the Bureau. The SAC was protected to the extent that he did not have to take the witness stand at any time.

Memorandum for Mr. Boardman

During the period the New Haven trial was in progress, Dise also supervised the Smith Act membership trial of [redacted] in Philadelphia, is supervising the preparations for trial of case of [redacted] and the San Juan Smith Act conspiracy case involving 11 defendants. He has given enthusiastic and diligent attention to detail and, when the occasion demanded, worked long hours without regard for personal convenience. b6

In view of the excellent manner in which Dise handled the supervision of the New Haven Smith Act trial plus the over-all excellent manner in which he has performed generally, it is felt that he is deserving of special commendation. Ordinarily, he would be recommended for a cash award. However, in view of the fact that he has been performing continuously in a supervisory capacity at the Seat of Government since July 2, 1951, it is recommended that instead of a cash award, he be promoted at this time to Grade GS-14.

ACTION:

Det. handled sep.

There is attached a regular annual efficiency report on Mr. Dise which covers the period from April 1, 1955, to March 31, 1956.

In the event you agree, it is recommended this memorandum be routed to the Administrative Division for appropriate consideration.

ADDENDUM: AHB:mn; 4-3-56

Inspector J. A. Sizoo and Section Chief Baumgardner shared responsibility for over-all supervision of this case. They made many helpful suggestions throughout the trial and conferred with Departmental attorneys and the SAC at New Haven on numerous occasions in thrashing out difficult problems. I recommend they both be commended.

4-4-56-Belmont, for his close attention and over-all supervision, should also be commended.

INCENTIVE AWARD AND COMMENDATION MATTER

Domestic Intelligence Division recommended (Mr. Belmont and Mr. Boardman concurred) that SA Preston W. Dise, who supervised this Smith Act trial at SOG, be reallocated from Grade GS-13 to Grade GS-14. Dise supervised the New Haven Smith Act case since 1952, including investigations conducted prior to actual prosecution. He consistently guided and directed the New Haven Office in the investigations and was constantly alert to make suggestions prior to and during the trial. Prior to the trial, he issued specific instructions with respect to handling of specific problems which could be anticipated, based on his experience in supervising other Smith Act trials. He issued specific instructions to New Haven on the handling of informants who were to be used as witnesses so that their identities were preserved as surprise witnesses. On 3/28/54 he received a meritorious salary increase for his outstanding supervision of the investigation and trial of a group of Smith Act subjects in Detroit. On his 1956 annual performance report, he was rated satisfactory and comment was made that he is ready to assume the responsibilities of an ASAC.

Domestic Intelligence Division recommended that SAC, New Haven, be commended as he had over-all responsibility for investigation and problems in connection with prosecution of case and that clerical and stenographic personnel involved in New Haven be commended through the SAC. Mr. Belmont concurred and recommended that Joseph A. Sizoo, Inspector in Charge of the Internal Security - Liaison Branch, and Fred J. Baumgardner, Chief of the Security Section, be commended as they shared responsibility for over-all supervision of case at SOG. They made helpful suggestions throughout trial and conferred with Departmental attorneys and SAC, New Haven, on numerous occasions, thrashing out difficult problems. Mr. Boardman concurred in Mr. Belmont's recommendation and also recommended that Mr. Belmont be commended for his close attention and over-all supervision of this case.

It appears that the performance of SAs [redacted] Goodrow, [redacted] Whalen, Ducibella, Young and Hurley have been such as to warrant cash awards. They have met the standard of the Incentive Awards Program dealing with performance which has involved the overcoming of unusual difficulties. It appears that the responsibilities of SAs [redacted] Goodrow, Ducibella, Whalen and [redacted] were greater than those of other agents involved. Based on tables^{b6} set out in Bureau's Incentive Awards Plan for determining amount of awards their performance is considered of moderate value and broad application to Bureau's work, entitling them to awards of from \$150 to \$300. The performance of SAs Hurley and Young is considered to be of minor value and broad application entitling them to an award of from \$50 to \$100 each.

RECOMMENDATIONS:

1. That the following employees of the New Haven Division be approved for awards in the designated amounts for their performance in connection with pre-trial and trial activities relating to this Smith Act case.

a. SAs [redacted] and Ducibella \$200 each. SA Ducibella^{b6} present at counsel table during entire trial. SA [redacted] coordinated all activity outside of the courtroom prior to and during trial.

Recommend \$150 each

Reference is made to my memoranda of 12/12/55 and

(S) memorandum of 12/12/55, In my
about 20,000 Communist Party members in Cuba and if conditions were
favorable, another 20,000 people could be counted on to vote with the
Party as sympathizers. I advised you in my memo of 12/13/55 that the
figure in each instance should have been 25,000 and the error was made
by the Liaison Section. b1

In order to fix responsibility for this error, the following
has been determined:

J. A. Sizoo
The memorandum of 12/12/55 was dictated, together with other
dictation, on the morning of 12/12/55 by Agent Sam J. Papich to
stenographer [redacted] Her shorthand book indicates
the dictation reads as, "about 20,000 Communist Party members in Cuba
and if conditions were favorable, another 25,000 people," the first
figure, of course, being an error and the second being consistent with
[redacted] In order to handle his liaison work, Agent Papich
did not wait for the completed transcription of this memorandum. The
memorandum was completed by [redacted] and, as is the procedure
under such circumstances, it was, in my absence, given to Norman W.
Philcox, Number One Man of the Liaison Section, for approval and for-
warding. In view of the time element and the necessity for getting
to appropriate Bureau officials important memoranda such as the memo
in question, it was not held for Agent Papich's return to the building
late in the afternoon. Agent Philcox reviewed this memorandum very
carefully. He also reviewed the attachment, but failed to note the
discrepancy in the figures. b3

The original error here is in part dictation and in part
transcription, and was not detected during the reviewing process. The

stenographer responsible, [redacted], has an outstanding record in the Bureau and is considered an excellent employee. Only recently she was recommended for an Incentive Award of \$125 for sustained superior performance. This error has been called to her attention and she indicated she would put forth every effort to avoid such a mistake in the future. Agent Papich, who dictated the figure erroneously, using in one instance 20,000 when he should have used 25,000, is an excellent Supervisor. He is very meticulous in his work and has in the past performed nearly error free work. Papich realizes the seriousness of the mistake in reporting an incorrect figure and has assured me he will make efforts to avoid any recurrence in the future. Mr. Philcox, who reviewed and approved this memorandum, has an outstanding record as a Supervisor at the Seat of Government. His attention to detail in assisting in running the Liaison Section is above average and the error he overlooked in this instance in no way indicates the type of performance he is doing. It should be further noted that there have been no errors charged to the Liaison Section for the past three weeks' rating periods, which indicates the work in the Section has been very carefully checked by Agent Philcox and myself.

RECOMMENDATION

As to personnel of the Liaison Section -

(a) In view of the fact that there was an error in transcription which should have been detected by a competent stenographer such as [redacted] it is recommended that she be given a letter of censure.

SA John P. Linehan, Crime Records Section, Records and Communications Division, who has been supervising the Top Ten Fugitive Program, prepared a memorandum on the addition of Daniel Abram Everhart to the Top Ten Fugitive List under date of 8/15/55. This memorandum, in the third paragraph, contained the name "Raymond" instead of the name "Everhart" in two places indicating that Raymond, (who was added to Top Ten List immediately before the addition of Everhart,) had replaced Clarence Dye on the list and that Raymond had been charged with Unlawful Flight to Avoid Prosecution for the crime of robbery. This was an error and where the name Raymond appeared the name Everhart should have appeared. This memorandum was distributed to all investigative employees both at the Seat of Government and in the field. It did not receive dissemination outside the Bureau. A corrected memorandum in which the name Everhart has been substituted for Raymond has been prepared and disseminated to all investigative employees 8/18/55.

After SA Linehan approved the memorandum it was approved in turn by SA E. C. Kemper, SA Linehan's Unit Chief, and SA Milton A. Jones, Chief, Crime Records Section. It was then approved by SA R. E. Wick for Mr. Nichols. It was then routed to Investigative Division where it was reviewed and approved by SA F. G. Baggan, SA A. E. Eddy and SA [redacted] approved it for Mr. Rosen. It was then approved by Mr. Boardman for Mr. Boardman. It was thereafter approved by Mr. Sizoo for Mr. Tolson and by [redacted] in the Reading Room. It was then disseminated to the field.

SA Linehan has no justification for his mistake; Mr. Kemper is presently on annual leave and no explanation was obtained from him at this time. [redacted] and SA Wick have no excuse to offer. Mr. Sizoo also offered no excuse for his error. SAs Baggan, Eddy and Boardman offered no excuse for their dereliction; however, they suggested that the reading room was responsible for the error.

"Wanted Fugitives" should more appropriately precede the sentence "This is the list" after which follows the listing of the Ten Most Wanted Fugitives and that a separate paragraph should be devoted to process outstanding to appear after the paragraph setting forth the background of the criminal. Investigative Division concurred in this suggestion.

Mr. Nichols recommended that SA Linehan be censured and placed on probation, reduced from Grade GS-13, \$8990 to GS-12, \$8645 and transferred to New York City. He also recommended that SAs Kemper, Jones and Wick be censured and placed on probation. He recommended that [redacted] be censured. Mr. Sizoo recommended censure for himself and Mr. Nichols commented that this is a Records and Communications Division error and "we are responsible." Investigative Division, Mr. Boardman concurring, recommended that SAs Boggan, Eddy and [redacted] be censured. Mr. Nichols commented "they had a right to expect it to be correct and this is Records and Communications Division responsibility." Mr. Scatterday recommended censure for himself and Mr. Boardman agreed.

SA Linehan is a veteran with more than one year's Bureau service and is entitled to 30 days advance written notice under the Veterans Preference Act should he be involuntarily separated from the service, reduced in grade or salary or suspended without pay for more than 30 days. Under this act he would have a right of appeal from such adverse action. On the basis of a set of hypothetical facts presented to him, [redacted] Veterans Service Section, Civil Service Commission, felt that on the facts a demotion would be too harsh disciplinary action, and that in the event of appeal by SA Linehan there would be a good chance of reversal. SAs Kemper, Jones and Wick are non-veterans.

SA Linehan's offices of preference as of 2/1/55 in order are the Bureau, New York and Newark.

I have carefully reviewed the delinquencies existent in the functioning of the Liaison-Internal Security Sections of the Domestic Intelligence Division, headed by Inspector Victor P. Keay, with the view to determining whether any changes are indicated in the management of this operation. Because of the international situation, the Domestic Intelligence Division of the Bureau is an extremely important and sensitive operation. Any malfunctioning of this Division has a potential for causing irreparable damage to the reputation of the FBI.

The Liaison and Internal Security Sections of this Division are particularly sensitive and it is essential that they be under the direct guidance of a man with keen foresight, strict, aggressive leadership qualities, sound judgment and an analytical mind. Although Inspector Keay has some of these qualities, I must conclude that he has exhibited specific shortcomings since he reported to the Domestic Intelligence Division to assume his duties as Inspector in Charge of the Internal Security-Liaison Sections on June 1, 1954, which force me to conclude that he should be relieved of this assignment and transferred to other duties which will be indicated hereinafter. The situations which lead me to this conclusion are summarized below.

By letter dated January 19, 1955, he was censured for faulty judgment in having failed to acknowledge a cablegram request by [redacted] for information concerning [redacted]

By letter dated February 23, 1955, he was censured and placed on probation for failure to recognize the undesirable position in which the Bureau was placed as a result of the substitution of corrected pages in the reports in the files of [redacted]

another agency in the manner which was being followed. A substantial volume of corrections in previously disseminated reports were necessary to reflect a change in the reliability of former Confidential Informant Harvey Matusow. A lack of foresight in the handling of this situation resulted in considerable embarrassment to the Bureau.

By letter dated March 10, 1955, he was censured for the dilatory handling by the Internal Security Section of a proposed Letter to All SACs based on a letter dated January 24, 1955, from the Assistant Commissioner of the Immigration and Naturalization Service.

By letter dated April 4, 1955, he was censured for the ineffective operation of personnel of the Internal Security Section in connection with errors in reports received at the Seat of Government from field divisions wherein the supervisors had been insufficiently aggressive in insisting that field divisions comply with existent Bureau regulations relative to the handling of the errors contained in reports from the field.

By letter dated April 28, 1955, he was censured for the ineffective supervision afforded by the Liaison Section to the Mexican Border Coverage Program. Concerning the Mexican Border Coverage Program, the Director commented, "I can't too strongly stress my displeasure with the completely lethargic attitude of the Domestic Intelligence Division which obviously has allowed this whole program to go to seed. Just who has been in charge of it?" Mr. Keay was in charge of the Liaison Section until June 1, 1954, and the Mexican Border Coverage Program was commenced in April, 1948, so that during the majority of the period of time this program was in existence it was under the supervision of Inspector Keay.

By letter dated May 3, 1955, he was censured for approving an improperly prepared letter to all SACs pertaining in part to a revised thumbnail sketch on the Liberty Book Club.

By letter dated August 11, 1955, he was censured for the laxity in the administrative functioning of the Liaison Section which permitted a memorandum dated July 12, 1950, concerning the [redacted] Loyalty of Government Employees, case to be received in the Bureau from G-2 and returned to G-2 without any record having been made of the memorandum or its contents for FBI records. b6

Better foresight and planning could be eliminated or minimized difficulties encountered in an outburst of problems pertaining to control of informants, commencing with the [] case in Los Angeles, closely followed by the Harvey Matusow case and others of a similar nature; securing of a relocation site, improper functioning of E. S. Sanders as Executive Secretary of the IIC, and of John F. Sullivan, liaison agent with the Army, in his handling of the [] case. These problems arose within the Internal Security and Liaison Sections over which Keay has direct responsibility.

I have discussed with Assistant Director Belmont this recommendation for the replacement of Keay. Mr. Belmont advises that he recognizes that there have been definite deficiencies in these two sections and there have been specific delinquencies attributable to Keay. He feels, however, that Keay, if given another chance, has the ability to rectify the deficiencies existing in these two sections and does not concur in my recommendation.

RECOMMENDATIONS:

1. That Inspector Keay be relieved of his assignment as Inspector in Charge of the Liaison-Internal Security Sections, Domestic Intelligence Division; that he be changed from GS-16 to GS-15 and transferred to the Inspection and Training Division to assume the duties presently being handled by G. A. Nease, assuming that my subsequent recommendation concerning Mr. Nease is approved.

A review of Mr. Keay's personnel file reflects that he has exhibited better-than-average capacity to make analyses of involved Bureau problems, and it is felt his services could be effectively utilized in the Inspection and Training Division for this purpose.

John

2. That Inspector J. A. Sizoo, if recommendation number one is approved, be transferred to the Domestic Intelligence Division to assume charge of the Internal Security-Liaison Sections.

Inspector Sizoo was in charge of the Internal Security and Liaison Sections from September 15, 1953, to June 1, 1954. I think that this assignment would add the strength to this Division which I feel is urgently needed.

00 Q 6

This recommendation has been discussed with Mr. Belmont who stated that Sizoo's services were very satisfactory during his assignment in the Domestic Intelligence Division and he concurs in this recommendation, if the Director accepts my recommendation for Keay's reassignment.

SUBJECT: DANIEL ABRAM EVERHART, WAS., FUGITIVE
 I. O. #2799
 UFAP - ROBBERY
 TEN MOST WANTED FUGITIVES PROGRAM

PURPOSE:

To set forth explanations and recommendations concerning error in memorandum to all investigative employees dated August 15, 1955, with regard to the addition to the Top Ten list of Daniel Abram Everhart.

DETAILS:

Each time a man is added to the Top Ten Fugitives list this section has the responsibility of getting out a memorandum to all investigative employees carrying photograph, description and brief details of the crime. The memorandum on Everhart was prepared under date of August 15, 1955, a copy of which is attached. In the third paragraph of this memorandum the word "Raymond" appears for the word "Everhart" in two places (note underscoring). This memorandum has been mailed and is in the hands of the field.

RESPONSIBILITY FOR THE ERROR:

JOHN P. LINEHAN
 Special Agent
 EOD 3-18-46

100334-97

REC-11 AUG 22 1955 It is believed that Special Agent John P. Linehan of this section is primarily responsible. He has been supervising the Top Ten Program and prepared this particular memorandum. His explanation is attached. It will be noted that Mr. Linehan has no justification for this mistake. He furnished a rough draft of this particular memorandum to a typist and it is not believed that the typist should be held responsible since the rough draft contained the error.

EDWARD C. KEMPER
 Special Agent
 EOD 8-25-41

Mr. Kemper is in charge of the unit which handles the Top Ten Program in this section and is Mr. Linehan's Unit Chief.

Kemper initialed the Everhart memorandum and should, of course, have caught this error. Mr. Kemper is presently on leave and it is, accordingly, impossible to obtain any comments from him in this regard.

MILTON A. JONES
Special Agent
EOD 2-6-39

As Chief of the Crime Records Section I likewise read this memorandum and failed to catch the error.

Since the preparation of this memorandum is primarily the responsibility of Crime Records it is not felt that those in other divisions who approved the memorandum should be held responsible.

ACTION TAKEN AND RECOMMENDATIONS:

(1) A new memorandum supplanting the one of August 15th on Everhart is being prepared and will be sent to the field today.

(2) It is recommended that Messrs. Kemper, Linehan and Jones be censured because of their failure to see to it that the Everhart memorandum was accurate.

ADDENDUM: 8-18-55; REW:jec. [redacted] (EOD 5-8-50) of the Reading Room approved the memorandum in question. She handles an extremely large volume of correspondence and is a most conscientious employee. She has no explanation to offer for this error saying that she failed to detect it and regrets the incident exceedingly.

RECOMMENDATION: Censure.

Robert E. Wick of my office (EOD 7-20-42) initialed the memorandum for my office. He states he has no excuse to offer, recognizes the mistake as a stupid one and certainly should have noted the error. He will do his utmost henceforth to avoid a recurrence.

RECOMMENDATION: Censure.

ADDENDUM: (8-19-55 J.A. Sizoo)

I approved the memorandum for all employees for Mr. Tolson and there is no excuse for my having failed to note the substitution of the name Raymond instead of Everhart. I certainly regret overlooking this error and will make every effort to avoid a recurrence. I should be censured.

In connection with the Ten Most Wanted Fugitives program, the writer prepared an All Investigative Employees Memorandum to announce the addition of Daniel Abram Everhart to replace Clarence Dye, apprehended August 3, 1955.

This memorandum was prepared August 4, 1955, leaving blank the date of release to be inserted after it was set.

The name "Raymond" appeared in this memo in paragraph three, due to the inadvertence of the writer. Jack Harvey Raymond was named to the "Top Ten" list on the afternoon of August 4, 1955. Unfortunately, Raymond's name was prominently in the writer's mind at the time the memorandum on Everhart was prepared. The writer deeply regrets not having detected this inadvertence and will take every measure to insure there will be no recurrence of an incident of this kind.

RECOMMENDATION: For information.

Dear Sir:

On Friday evening, February 25, 1955, Special Agent George M. Peet of the Federal Bureau of Investigation addressed the combined Women's Organization and Men's Council of the Falls Church Presbyterian Church on the subject of "Juvenile Delinquency." Arrangements for securing this fine speaker were made through Mr. Joseph A. Sizoo, of your office, who worked with me as the Program Chairman of the Men's Council.

The talk which Mr. Peet gave was packed with interesting information and was most inspiring. Since the evening of his speech, a flood of highly favorable comments have been addressed to me. This unsolicited reaction is strong evidence of Mr. Peet's outstanding ability as a speaker and the knowledge he has of the subject about which he spoke.

All of us at the Presbyterian Church of Falls Church, Virginia would appreciate it if you would convey to Special Agent Peet our warmest thanks for appearing before our group. We appreciate not only the time and effort he spent in accomodating us, but even more than that the gracious manner in which he mingled with us. He is certainly an impressive representative of your agency and we would be happy to have him meet with us again in the future.

We are also grateful to Mr. Sizoo for his splendid cooperation in helping us to secure the services of this speaker. Many of us are fortunate in having him not only as a fellow church member, but also as a friend.

G-2, Army, name check request received 4-21-55, on Dr. Joseph R. Sizoo, Professor of Religion, George Washington University. Request for subversive derogatory information only. Sizoo may be invited to attend high-level Army conference, not further identified, at which classified data will be discussed. Inspector Joseph A. Sizoo is nephew of Dr. Sizoo

No investigation of Dr. Sizoo conducted by FBI. Informant advised Dr. Sizoo's name appeared with numerous other prominent persons as signer, 1942 or 1943, of "Statement on India" appearing in undated press release of American Roundtable on India (AROI). Dr. Sizoo's name appeared as member on letterhead AROI according to 1944 report of House Committee on Un-American Activities. AROI cited as Communist front by California Committee on Un-American Activities. On 4-21-45, Dr. Sizoo was reported a member of the Interfaith Division of the American Committee for Spanish Freedom and his name was listed as sponsor on 1-21-46 letterhead of that organization. In May, 1946, Dr. Sizoo was reported sponsor of Action Committee to Free Spain Now. Latter two organizations cited by Attorney General, (61-7582-1772; 100-161705-5; 100-332851-17; 71; 100-3-4-5212)

No indication Dr. Sizoo active in organizations mentioned. On 10-9-45, then Assistant Director D. M. Ladd instructed New York Office to contact Dr. Sizoo and discreetly point out to him general character of American Committee for Spanish Freedom. Dr. Sizoo stated he subscribed his name as sponsor for this organization on invitation of one Dr. Oxley, and had no first hand knowledge of the organization. Dr. Sizoo has spoken at two National Academy graduations, last on 10-26-45. Bureau relations with him have been cordial. (94-4-6890)

RECOMMENDATIONS

If you approve, the G-2 name check request form on Dr. Sizoo will be stamped "No investigation conducted by FBI pertinent to your inquiry" and returned to G2 by the Name Check Section.

By letter dated 1-21-55, [redacted], Branch Claims Manager, Farmers Insurance Group, Salt Lake City, Utah, requested the service record of [redacted] a former employee of this Bureau who worked both as a clerical employee and as an agent. By letter dated 1-31-55, to [redacted], the service record of [redacted] was set forth but inadvertently, [redacted] was referred to as [redacted] through-out the letter. This error was not detected and the letter was mailed from the Bureau on 1-31-55.

On 2-1-55 the error was detected when it was necessary to file the file copy of the letter to [redacted] Immediately thereafter, an additional letter was prepared and sent to [redacted] in Salt Lake City, Utah, advising him that the Bureau had inadvertently called a former Bureau employee [redacted] but the information set forth in the letter correctly applied to [redacted] This letter dated 2-1-55 was mailed on that date.

The original letter of 1-31-55 was prepared by [redacted] an appointment clerk, Grade GS-4, in the Personnel Actions Unit of the Administrative Division. surname involved. [] was unable to offer any explanation for the use of the wrong name and the other two individuals simply failed to notice the mistaken name although they should so have noticed in the course of checking the letter.

[] is a relatively new employee in the Personnel Actions Unit, having only been assigned to that unit since September 12, 1954. During this time she has shown good development and generally has produced very satisfactory work. Prior to her assignment to this position she did fail to develop satisfactorily during a trial period as a stenographer but this development was regarded as being due to the type duties involved as a stenographer and not as a reflection on her overall ability.

[] has proven to be an extremely hard-working and painstaking individual in the past and her work generally has been well above average. She was substituting as a checker on the day this error occurred.

Inasmuch as this letter was read and reviewed by three individuals without the wrong use of the surname being detected and since the letter itself was sent from the Bureau which involved the sending of a corrected letter, it is felt the three employees involved should receive letters of censure on this matter.

ASSISTANT DIRECTOR BELMONT:

Mr. Sizoo has been Inspector in charge of the Internal Security-Liaison Branch of this Division since September, 1953. Prior to that he was in the Training and Inspection Division and the Director's office. He supervises a wide variety of internal security and liaison matters. He accepts responsibility readily and is very loyal to the Bureau.

He was censured on March 12, 1954 in connection with a training matter which occurred in 1952.

Sizoo is a hard-working, capable Bureau executive.

Rating - SATISFACTORY

INSPECTOR VAN PELT: Was censured during inspection for failure to initiate action to insure expeditious reply to urgent teletype received concerning possible exposure of informants at Detroit before House Committee on Un-American Activities. Other matters reviewed in the Sections for which Inspector Sizoo was responsible were generally in satisfactory condition, and he was reassigned to Mr. Tolson's Office before the completion of the inspection. He is quite experienced, is very intelligent, and seems to be most enthusiastic, diligent, and capable. He advised he is available and has no personal problems.

SYNOPSIS

Survey made by R. T. Harbo and Inspector H. C. Van Pelt pursuant to Director's instructions to "Immediately check procedures in Boardman's and Belmont's offices," following delay at SOG in taking action upon urgent teletype received from Detroit Division, Friday, April 30, 1954, regarding "House Committee on Un-American Activities (HCUA), Detroit Hearings, beginning Monday, May 3, 1954."

Said teletype advised that Detroit Office received transcripts of Executive Session Testimony before HCUA covering certain Communist Party activities including those of three Bureau informants. Detroit Office indicated exposure of one of these informants would enhance rather than hinder his development but that publicity would compromise the other 2 informants. Detroit Office requested steps be taken with HCUA to protect identity of latter 2 informants. The teletype reflected further HCUA hearings were scheduled for Monday, May 3, and expeditious reply was requested by Detroit.

The proposed reply did not reach the Director's Office until 5:21 p.m.; Wednesday, May 5. Messrs. Boardman and Belmont have already been censured for the delay in taking action in this matter. Supervisor [redacted] of the Security Informants and Special Records Unit of the Domestic Intelligence Division has also been censured because the initial memorandum he prepared was not satisfactory and it was necessary for him to do it over.

System in effect on 5/3/54 provided that when Mr. Boardman was absent from his desk, his No. 1 Man, G. H. Scatterday, would telephonically notify the division involved of the Director's inquiry or instructions concerning such communications, would attach a 3 x 5 slip of paper thereto indicating the action taken and would hold the communication for Mr. Boardman's personal review. This procedure was changed by Mr. Boardman following a delay from 10:35 a.m. to 2:12 p.m. Monday, May 3, 1954, in forwarding

to Mr. Belmont's office the Detroit teletype received in this case (although the telephonic notification was furnished Mr. Belmont's office). The system now in use requires Mr. Scatterday to immediately route special communications, in Mr. Boardman's absence, to the division involved, making sufficient notes as to the nature of the Director's inquiry or instructions so that he can appropriately brief Mr. Boardman upon his return. This system appears to be operating effectively.

Inquiry into operations of Mr. Belmont's Office shows Supervisor [] on night duty when carbon copy of above-mentioned Detroit teletype was received there 12:08 a.m., Saturday, May 1. Supervisor Mannion explained he took no immediate action to notify any superior of the contents of said teletype because he did not consider the matter sufficiently important, but he laid it aside so it would be read by Inspector Sizoo during the day, Saturday, May 1.

Inspector J. A. Sizoo advised he received the copy of the Detroit teletype on Saturday, May 1, (he reported for duty 1:15 p.m.) and either routed it to Section Chief F. J. Baumgardner or personally turned it over to him. Inspector Sizoo stated he did not remember whether or not he had provided Mr. Baumgardner with any particular instructions concerning the matter. Mr. Baumgardner said he did not recall receiving the copy of the teletype or learning anything about the Detroit inquiry contained therein until the following Monday morning, May 3.

The carbon copy of the teletype was received in the office of Mr. F. J. Baumgardner, Chief, Internal Security Section, at 9:10 a.m., Monday, May 3. [] the supervisor who subsequently prepared the memorandum, was not notified of the receipt of Detroit teletype until 1:30 p.m. that day. Mr. Baumgardner has no independent recollection concerning at what time he conferred with [] but [] advises it was 1:30 p.m. Mr. Baumgardner has no specific recollection of factors which may have contributed to this delay.

Recommendations set forth hereinafter concerning responsibility of Supervisor [] Inspector Sizoo, and Section Chief Baumgardner. Inquiry into operations in Mr. Belmont's Office shows procedures had been prescribed for the expeditious processing of urgent communications (although they were not followed in this case). Further observations will be made of the procedures followed in Mr. Belmont's Office in the course of Mr. Van Pelt's current inspection of the Domestic Intelligence Division to see that prescribed procedures are actually followed.

A check of procedures in Mr. Boardman's Office discloses that his No. 1 Man, G. H. Scatterday, assisted by [redacted] processes incoming mail and handles a substantial portion of it without it having to be brought to the attention of Mr. Boardman. Scatterday sends into Boardman the following types of material: (1) yellow-tag specials, (2) closing full field Security of Government Employees reports, (3) [redacted] memos, (4) continuance form for technical surveillances, (5) requests to the Attorney General for authorization for technical surveillances, (6) policy matters, (7) letters to the Attorney General, (8) letters to the Deputy Attorney General, (9) personnel matters, (10) miscellaneous items of importance, (11) informative memos concerning matters in investigative divisions, (12) unusual payments to informants. It is my opinion, and Mr. Boardman agrees, that there should be no change at this time in the types of items sent to Mr. Boardman by his No. 1 Man. Mr. Boardman has been assigned at the Seat of Government for a comparatively brief time; with additional experience in his present assignment he will naturally develop greater facility and speed in the handling of individual items which he must review personally.

RECOMMENDATIONS

1. Supervisor [redacted] . . . for failure to notify an immediate superior of his receipt of the copy of the urgent teletype from Detroit received by him at 12:08 a.m., Saturday, May 1, in order that appropriate people could be put to work on Saturday and completely discharge the matter before the Monday hearings in view of indicated identification of informants as active Communists, and request by Detroit for expedite reply . . . censure. DETAILS

BACKGROUND:

Survey made by Inspector H. C. Van Pelt pursuant to Director's instructions to "immediately check procedures in Boardman's and Belmont's offices," following a delay at the Seat of Government in taking action upon urgent coded teletype received from Detroit Division 7:52 P.M., Friday, April 30, 1954, regarding "House Committee on Un-American Activities, Detroit Hearings, beginning May 3, 1954."

Said teletype advised that Detroit Office received transcription of Executive Session Testimony by [redacted] on April 29, 1954, from Don Appel, Chief Investigator, House Committee on Un-American Activities, in which it was noted [redacted] furnished information concerning Detroit Communists, included among whom were the names of three current Bureau informants [redacted] and [redacted]. The teletype points out that public testimony concerning [redacted] would enhance rather than hinder his development, but that exposure of [redacted] and [redacted] would compromise them. The teletype reflects Detroit considers the latter two informants extremely valuable and recommends steps to be taken with the House Committee on Un-American Activities to protect their identity from being disclosed. The teletype also requests expeditious attention.

The Director noted "Just what is this? I don't like idea of asking HCUA for any favors. How did our informants come to get involved in this?"

CHRONOLOGY:

Chronological movements of the incoming coded teletype from Detroit and the original and copy of the decoded message, from the time of receipt at the Bureau to receipt in the Internal Security Section, are listed as follows:

Friday, April 30, 1954

7:52 P.M. Coded urgent teletype received from Detroit.
11:05 P.M. Original and copy of decoded teletype left Communications Section.
11:08 P.M. Original and copy of decoded teletype received in Teletype Unit.

Saturday, May 1, 1954

12:08 A.M. Copy received in Mr. Belmont's Office. (Stamped in as "April 31" which obviously should be "May 1")
11:02 A.M. Original received in Mr. Boardman's Office.
1:18 P.M. Original received in Director's Office.

Monday, May 3, 1954

9:10 A.M. Copy received in Internal Security Section (Stamped in as "P.M.," but from chain of events it obviously should have been "A.M.")
9:49 A.M. Original received in Mr. Tolson's Office.
10:35 A.M. Original received in Mr. Boardman's Office.
2:12 P.M. Original received in Mr. Belmont's Office.

Tuesday, May 4, 1954

8:59 A.M. Original received in Internal Security Section.

PROCEDURES IN MR. BOARDMAN'S OFFICE:

As indicated in the above chronology, the original of the decoded teletype was first received in Mr. Boardman's Office at 11:02 A.M., Saturday, May 1. It was thereafter received in the Director's Office at 1:18 P.M., Saturday, May 1, and in Mr. Tolson's Office at 9:49 A.M., Monday, May 3. It was subsequently received back in Mr. Boardman's Office at 10:35 A.M., Monday, May 3.

Both Mr. Boardman and his No. 1 Man, G. H. Scatterday, advised that Mr. Boardman was at an Executives Conference meeting when the original of the decoded teletype was received back in Mr. Boardman's Office at 10:35 A.M., Monday, May 3, with the Director's notation appended thereon. Mr. Scatterday stated he telephonically notified Inspector Joseph A. Sizoo of Mr. Belmont's Office concerning the Director's inquiry and that he instructed expeditious action be taken. Inspector Sizoo said he did not remember this specific call but would not question what Mr. Scatterday had related.

Mr. Scatterday informed that in accordance with the administrative practice then in effect he placed a 3 by 5 slip of paper on the teletype indicating that Inspector Sizoo had been informed, and routed same to Mr. Boardman.

Mr. Boardman said that in view of such action having been taken he devoted his immediate attention upon returning to his desk from the Executives Conference meeting to other more pressing matters, that he thereafter reviewed the Detroit teletype and the Director's notation and routed same to Mr. Belmont's Office.

Mr. Boardman stated he has since changed the above described administrative procedure and that such communications are no longer held up for him to review personally. He explained that the revised procedure adopted provides that whenever he is absent from his desk Mr. Scatterday immediately routes such communications to the division involved and that Mr. Scatterday makes notes and informs him, Mr. Boardman, upon his return so that he will be cognizant of the Director's inquiry and the action taken. He stated he follows up such matters from his copy of the Director's tickler list.

A spot check of the application of this revised procedure shows it is operating effectively and that the previous bottleneck which prevented the speedier movement of urgent communications has been eliminated.

PROCEDURES IN MR. BELMONT'S OFFICE:

Supervisor [] of the Foreign Liaison Unit advised he was functioning as night supervisor in the Domestic Intelligence Division when the copy of the foregoing teletype was received in Mr. Belmont's Office at 12:08 A.M., Saturday, May 1. He explained he took no action to notify any immediate superior of the contents of said message because he, [] did not consider the matter sufficiently important. He stated he wrote the name "Baumgardner" (Section Chief F. J. Baumgardner of the Internal Security Section) underneath the routing block on this copy and left same in a hold box for Inspector Sizoo. b6

Supervisor R. W. Smith of the Central Research Unit advised he replaced Supervisor [] on week-end duty at 8:00 A.M., Saturday, May 1. He explained he took no action to notify any immediate superior of the contents of said message because (1) no such action had been taken on the prior shift, and (2) he did not feel the message was sufficiently important to take action at that time, especially in view of Inspector Sizoo ordinarily coming into the Bureau to work every Saturday.

Inspector Sizoo advised he reviewed the copy of the teletype when he came into the Bureau on Saturday, May 1, and either routed it to Section Chief Baumgardner or personally gave it to him, inasmuch as Mr. Baumgardner usually comes in every Saturday and ordinarily checks with Inspector Sizoo as to whether anything special requires attention. Inspector Sizoo said he did not recall whether or not he provided Mr. Baumgardner with any particular instructions, either orally or by routing slip.

With respect to the original of said teletype containing the Director's inquiry, Mr. Belmont advised such matters are immediately referred to him if he is in the office and that when he is absent they are not held up but a tickler is prepared for him for his information and for follow-up purposes. He said he was apparently absent from his office when the original teletype was received there at 2:12 P.M., Monday, May 3. He stated he could not definitely account for his whereabouts at that time but explained he did have some conferences over in the Department early that week. The teletype shows it was received by Inspector Sizoo.

Inspector Sizoo advised he ordinarily does not wait for the receipt of such communications concerning which he has received prior telephonic notification from Mr. Scatterday concerning the Director's interest. He reiterated that he could not remember the specific details as to his processing of this matter but said his normal procedure would have been to immediately telephone Section Chief Baumgardner following the receipt of the call from Mr. Scatterday and relay to Mr. Baumgardner the instructions telephonically received. Inspector Sizoo added that upon receipt of the teletype itself his usual procedure would be to review same, have ticklers prepared, and then route the teletype to Mr. Baumgardner to confirm telephonic instructions previously relayed. Inspector Sizoo stated he could not account for the delay in the original of the teletype in reaching the Internal Security Section until 8:59 A.M. on the following morning, Tuesday, May 4. He said he did not know whether the delay was caused by his office or through faulty messenger service.

Section Chief Baumgardner advised he came into the Bureau on Saturday, May 1, but said he did not recall receiving the copy of the teletype or learning anything about the inquiry contained therein until the following Monday morning, May 3, when he received the copy of the teletype and conferred with

No. 1 Man J. F. Bland and Supervisor [] regarding the action to be taken. Messrs. Baumgardner and Bland advised they had no independent recollection of a call from Inspector Sizoo concerning the Director's inquiry in this case. They explained their normal procedure would have been to relay the instructions to Supervisor [] so that the results of his action would be in keeping with the Director's desires.

Supervisor [] advised he received instructions from Messrs. Baumgardner and Bland about 1:30 P.M. on Monday, May 3, to prepare a memorandum regarding the background on the problem raised by Detroit, as well as a teletype to that office concerning the procedures to be taken. He said he was also orally advised of the Director's inquiry. He explained he called for the files, obtained them about 3:00 P.M., and dictated about 3:45 P.M. He stated the transcription was completed on the following morning, Tuesday, May 4, by which time he received the original of the teletype containing the Director's notation appended thereto, and had to return the memorandum for retyping due to certain adjustments of phraseology.

Supervisor [] advised the revised memorandum was not acceptable to Mr. Belmont and was returned to him, [] on Wednesday, May 5, with instructions to reword it so that it would contain more specific details and present a clearer picture of the situation. This was done, said [] and the memorandum was resubmitted to Mr. Belmont's Office at 11:34 A.M., Wednesday, May 5. According to the time stamps it was thereafter received at Mr. Boardman's Office at 12:47 P.M., Wednesday, May 5, at Mr. Tolson's Office at 2:06 P.M., Wednesday, May 5, and at the Director's Office at 5:21 P.M., Wednesday, May 5.

Inquiry into operations in Mr. Belmont's Office showed that incoming communications are normally screened by No. 1 Man W. V. Cleveland. Important matters are referred by him to Mr. Belmont, or in his absence to Inspector Sizoo or to Inspector Carl E. Hennrich, and specific instructions are provided by them to the Section Chiefs and relayed by the latter to the Unit Chiefs and/or the individual supervisors. The system is flexible so that in certain instances the instructions are provided by Mr. Belmont or Inspectors Sizoo or Hennrich directly to the individual supervisors, and ticklers are used for follow-up purposes. Arrangements in effect provide for the expeditious processing of urgent communications. However, further inquiry will be made into the procedures followed in Mr. Belmont's Office in the course of Mr. Van Pelt's current inspection of the Domestic Intelligence Division.

ADMINISTRATIVE ACTION TAKEN:

Messrs. Boardman and Belmont have already been censured for the delay in taking action concerning the Detroit teletype referred to herein. Supervisor [] has also been censured because the initial memorandum which he prepared in the latter case was not satisfactory and it was necessary for him to do it over.

Office Memorandum • UNITED STATES GOVERNMENT

TO : Mr. Tolson

DATE:

FROM : L. T. Rife

JOSEPH A. Sizoo

SUBJECT: TRAINING OF AUXILIARY POLICE

BACKGROUND:

1. SAC Letter 34, 3/15/50, authorized the usual type of standard police training to be given to those auxiliary police who are under the control of the established police department whenever such training is requested in accordance with existing Bureau policies.

2. SAC Letter 73, 10/10/50, discontinued authority to train auxiliary police because such training was too burdensome to the Bureau. This SAC Letter authorized lectures on FBI jurisdiction only (such lectures are given to most agencies). This letter rescinded the previously mentioned SAC Letter.

3. SAC Letter 17, 1/20/52, re-emphasized the training policies relating to quasi law enforcement officers; did not mention auxiliary police; but provided the following loophole to the field: "In rare instances if you feel that a request for training not included under the existing policy warrants special consideration, you should set forth the facts in a letter to the Bureau." This letter also states: "Under no circumstances should any arrangements be made for training quasi law enforcement officers prior to submission of your request setting forth the facts and receipt of the Bureau's approval. The Bureau desires to approve or disapprove of all such requests."

AUXILIARY POLICE TRAINING - KNOXVILLE DIVISION:

1. Form FD-137 (a form communication by which an SAC notifies the Bureau of police training plans and assumes Bureau approval unless advised to the contrary) was submitted to Bureau b. Knoxville 5/26/52 in connection with a training school for Knoxville auxiliary police. School to be held 7/14-8/12/52; 200 people in attendance; listed ten lecturers outside of FBI and two FBI Agents to discuss arrests, slowdowns and handcuffing, searching of persons, use of night sticks, info. testimony, scientific aids to crime and firearms.

b6

APR 9 1954

70

then assigned to Police School Desk, Training and Inspection Division, prepared a letter to Knoxville 6/4/52 pointing out that the previously mentioned Knoxville communication was incomplete in that the identity of the firearms instructor was not shown. This letter was initialed by Inspector Rogers, by Inspector Sizoo who was then in charge of training, and by Mr. Gresham in Mr. Tolson's Office. Knoxville advised 6/17/52 of the identity of the firearms instructor and this communication was initialed for file by [redacted] She had such authority. A letter of July 9, 1952, from Knoxville made certain changes in the schedule and this letter was initialed for file by [redacted] inasmuch as no reply was required. b6

2. Form FD-132 from Knoxville to the Bureau 2/24/53 reported an almost identical school and this was initialed for the file by [redacted] without reply.

3. Form FD-132, 5/13/53, reported a proposed firearms school for Knoxville auxiliary police to begin 6/13/53, handled by [redacted]

4. Form FD-132 from Knoxville to the Bureau 2/17/54 reported plans for a school almost identical with schools numbered 1 and 2. [redacted] (who replaced [redacted] on the Police School Desk) prepared letter to Knoxville 2/25/54 instructing Knoxville not to give the proposed instruction and referring Knoxville to SAC Letter 73 dated 10/10/50, which is mentioned above in the background portion of this memorandum. By air-tel 3/1/54 Knoxville requested an exception to the policy as a means of supporting [redacted] in charge of auxiliary police, who was graduated from the National Academy in late 1953 and because of the cooperation of the Knoxville Police Department, as well as the public security perspective and public relations point of view. This was the first school to be handled by Pate since his National Academy graduation and, since Knoxville was already committed for the school, it would be embarrassing and difficult to cancel the school. Per Mr. Tolson's authority, ASAC Fauntleroy, Knoxville, was advised by me 3/8/54 to go ahead and hold the school but to submit an explanation for the manner in which Knoxville handled this matter. b6

KNOXVILLE'S EXPLANATION:

Knoxville cited the facts mentioned above as to previous schools and stated that it felt that the latest school mentioned in Item 4 under the heading Auxiliary Police Training - Knoxville Division in this memorandum was in accordance with the Bureau's

in the past regulations inasmuch as in each instance the Bureau was notified that the schools would be held unless advised to the contrary. Knoxville was silent as to why the office committed itself to the school without having first gotten Bureau approval as the regulations require.

WEAKNESSES AT THE SEAT OF GOVERNMENT:

1. [redacted] Police School Desk, Training and Inspection Division. [redacted] did not challenge the first auxiliary police school planned by the Knoxville Division (FD-132 dated 5/26/52) and in fact gave it encouragement by inquiring as to the identity of the firearms instructor; thus, a precedent was set. Consequently, on the second school (FD-132 dated 2/24/53) she initialed the document for the file. [redacted] has since resigned. [redacted] and third 5/13/52
2. Inspector J. S. Rogers, who supervises the employees assigned to Police Training functions, Training and Inspection Division, initialed letter to Knoxville 6/4/52 inquiring as to the identity of the firearms instructor for the auxiliary police school intended to commence July 14, 1952. Rogers should have challenged the auxiliary police school.
3. Inspector Joseph A. Sizoo, then in charge of the Training Section, Training and Inspection Division (now No. 1 Man, Domestic Intelligence Division), initialed for himself and for Assistant Director Clegg without challenge the same letter mentioned above in the preceding paragraph.

WEAKNESSES IN THE FIELD:

1. Knoxville Office assumed Bureau authority was granted for school #1 and even planned the curriculum as to the exact days and hours without first getting Bureau authority. The same procedure was followed on schools numbered 2 and 3 by Knoxville and there was an attempt to follow on school #4, which is the latest one.

RECOMMENDATIONS:

1. [redacted] . . . a copy of this memorandum be placed in her personnel file to be evaluated in the event she later seeks reinstatement.

Very truly yours,

TO: THE DIRECTOR

C-21-53

FROM: J. E. FORD

SUBJECT: APPOINTMENT CASE

In connection with my conversation with you concerning a possible successor for Inspector Leo Laughlin if he were designated for the position of SAC of the Washington Field Office, I have given this matter considerable attention, bearing in mind that Inspector Laughlin occupies an important position at the Seat of Government and in this position he also alternates in the absence of Mr. Belmont at the Executive Conference. Furthermore, the position is one which has been allocated to Grade GS-16 and any one considered for it unless they are already in Grade GS-16 would be moving up to a position of added responsibility and one involving a possible promotion. Accordingly I have reviewed all of the files of employees presently in Grade GS-15 and have come up with the following, who are listed according to their entrance on duty date in the Bureau as Special Agents, to be considered for Mr. Laughlin's position:

Victor P. Keay
Joseph A. Milson
Fred J. Baumgardner
Gerald C. Carty
George H. Satterday
Gartha W. DeLoach

FOI 6-25-34
FOI 11-1-30
FOI 12-4-30
FOI 3-4-30
FOI 10-10-41
FOI 6-22-42
FOI 12-11-42

b6

You will find attached permanent briefs of the files of the men listed, along with a copy of the permanent brief of SAC J. C. Milson.

Mr. Keay, of course, is oldest in point of seniority and is presently assigned to the Domestic Intelligence Division as Chief of the Liaison Section. Mr. Keay entered on duty in the Bureau as a Special Agent on June 25, 1934 and is presently in Grade GS-15, \$10,000 per annum. He is 48 years of age, married and has one child. He has Associate of Arts and Bachelor of Laws Degrees and is a member of the Supreme Court. His office of preference is Washington, D. C. He has been Supervisor at the Seat of Government in the Domestic Intelligence Division since July 25, 1941. He is described as a mature, serious and sincere individual and as having a good personal appearance. It has also been reported that he has considerable amount of administrative ability and as being very capable.

JEF:EM 1/7/53

ORIGINAL FILED IN

I personally do not think that Mr. Hoey makes the personal appearance desirable for the position in mind and furthermore, he was censured as late as April 16, 1953 for a series of very embarrassing mistakes made by employees assigned to his section in connection with the transmittal of information from the files of the Bureau to the Federal Security Agency.

Mr. Sizoo is second on the list in order of seniority and he entered on duty in the Bureau as a Messenger on July 10, 1935 and was appointed to the position of Special Agent on November 1, 1938. Mr. Sizoo is presently in Grade 15, (\$10,000) per annum. He is 42 years of age, married and has two children. He has Associate of Arts, Bachelor of Arts and Bachelor of Laws Degrees and is a member of the Supreme Court. Mr. Sizoo in addition to serving in a number of divisional offices and serving as ASAC at Memphis, served in what was formerly the National Defense Division, now the Domestic Intelligence Division, served in the Laboratory, has served on two occasions in the Training and Inspection Division, the last as Inspector in Charge of the Training Section, has served in Mr. Tolson's office and also in your office until his recent transfer back to the Training and Inspection Division as Inspector in Charge of the Training Section. Mr. Sizoo has an excellent record in the Bureau's service.

I feel Mr. Sizoo has a good personal appearance and has excellent personal qualifications. There is no question that he has had well-rounded experience in the Bureau and I think he is ideally suited for the replacement of Mr. Laughlin in the event he is designated SAC of the Washington Field Office.

In so far as Mr. Baumgardner, Mr. Garity, SAC Miles, Mr. Scatterday and Mr. DeLoach are concerned, I feel they have the qualifications for the position in question. However, I feel Mr. Sizoo is better qualified and for that reason I am recommending that he be designated as Inspector in Charge of the Internal Security-Liaison Branch of the Domestic Intelligence Division in the event Mr. Laughlin is designated SAC of the Washington Field Office.

~~CONFIDENTIAL~~

Mr. Joseph A. Sizoo
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Sizoo:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Bethesda, Maryland, on March 12, 1953.

This report reflects that you have no disqualifying physical defects.

The examiner notes that the electrocardiogram afforded you was "borderline" as it was in April 1952. He made no recommendation in this regard.

The Board of Examining Physicians of the United States Naval Hospital reports that you are capable of strenuous physical exertion and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

Sincerely yours,

PERSONNEL CHANGE

67-84801-1154
A vacancy presently exists in the Training and Inspection Division occasioned by the fact that Mr. Joseph A. Sizoo has been assigned to the Director's Office. Mr. Sizoo was Inspector in Charge of the Training Section of the Training and Inspection Division, which section handled all training matters of that division.

Mr. Clegg has recommended that Inspector Jephtha S. Rogers be designated as Mr. Sizoo's successor. A permanent brief of Mr. Rogers' file is attached. Mr. Clegg feels that Rogers has demonstrated considerable ability as Inspector in Charge of the Police Training Unit and specifically the activities of the FBI National Academy. Mr. Clegg feels that Rogers should be given an opportunity to demonstrate his further capabilities by being promoted as Inspector in Charge of all training activities of the Training and Inspection Division. Mr. Clegg pointed out that the only weakness that Rogers has exhibited in the past has been in connection with the preparation of written memoranda and he feels that some of this is due to the fact that Rogers has had little experience along those lines and that the weakness in that respect can be corrected.

I feel that although Mr. Rogers has done an excellent job in the handling of the FBI National Academy that Mr. C. Lester Trotter, who is presently Supervisor in Charge of the Records Section, is excellently qualified to fill the vacancy left by Mr. Sizoo's promotion and I am recommending him for this position.

There is attached a permanent brief of Mr. Trotter's file which reflects he entered on duty in the Bureau as a clerical employee on March 22, 1934 and was appointed to the position of Special Agent on November 4, 1940. He is presently in Grade GS-15, \$10,800 per annum. He is 37 years of age, married and has three children. He is a legal resident of Forest Heights, Maryland and originally comes from Washington, D. C. His office of preference is Washington, D. C. and any Western Office. He has Bachelor and Master of Laws Degrees. In addition to serving as a Special Agent in the field, he has served as a Supervisor in the Identification Division, the Administrative Division, for a period of time was assigned to your office and was assigned to the Records and Communications Division on August 4, 1951.

Mr. Trotter has an excellent record in the Bureau's service, he has lectured before various training schools and with his background, training and experience I think he would make an excellent choice for the position of handling training functions of the Training and Inspection Division.

20 JAN 6
JPM:DW

The Director saw Mr. Trotter in July 1952 and said he made an excellent appearance, was mature, seemed to be enthusiastic about his work and the Director rated him above average. The Director also made the observation he thought that Trotter had definite possibilities for advancement in the service.

In the event Mr. Trotter is approved for the assignment indicated, I would like to recommend that Special Agent Frank W. Waikart, who was formerly in charge of the Records Section of the Records and Communications Division, be designated for that position.

There is attached a permanent brief of Mr. Waikart's file which reflects he entered on duty as a clerical employee on March 26, 1934 and was appointed to the position of Special Agent on November 1, 1938. He is presently in Grade GS-13, \$9160 per annum. He is 39 years of age, married and has two children. He is a legal resident of Washington, D. C. His office of preference is Washington, D. C. He has a Bachelor of Laws Degree. Mr. Waikart in addition to serving in the field served in the Records Section of the Records and Communications Division from July 18, 1940 until he was transferred to the Washington Field Office on November 19, 1951. You will recall that Mr. Waikart was censured, placed on probation and reduced from Grade GS-14 to Grade GS-13 as a result of misconduct and neglect of duty on the part of a number of employees in the Records Section for whose overall supervision he was responsible.

In September 1952, the Director saw Mr. Waikart and said he made an excellent personal appearance, seemed to be intensely interested in his work and the Director rated him above average and felt he should be kept in mind for further advancement in the Bureau. Mr. Waikart advised the Director he believed he had learned a lesson from the unfortunate experience he had a year ago while in charge of the Records Section.

Mr. Waikart was subsequently assigned to the Administrative Division where he has been handling the briefing of disciplinary matters and has been doing an excellent job. I feel that Mr. Waikart with his background, training and experience would be an excellent choice to be restored in the position in charge of the Records Section. There has never been any question about his enthusiasm, interest and loyalty.

RECOMMENDATION

1. It is recommended that Special Agent C. Lester Trotter, presently Supervisor in Charge of the Records Section, be designated as Inspector in Charge of training functions in the Training and Inspection Division with no change in grade or salary.

2. It is recommended that Special Agent Frank W. Waikart be designated Supervisor in Charge of the Records Section with no change in grade or salary at this time.

W. R. GLAVIN

Jas. A. Sizoo

Reference is made to the Director's memorandum of May 3, 1947, concerning the designation of Special Agents who are employed in other than the regular investigative activities of the Bureau.

With reference to the Director's instructions, he requested that a survey be made and a report submitted to him as promptly as possible upon those individuals in the Bureau at the Seat of Government or in any other part of the Bureau assigned in the field who are not engaged in investigative activities either in the actual performance of investigative work or in the supervision of investigative work.

It is further noted that the Director instructs that no more designations to the position of Special Agent of this type of employee should be made and that should any resignations or vacancies occur in those holding such positions at the present time that such vacancies be not filled.

From a review of the various Special Agent assignments referred to above, I wish to advise as follows in connection with the Director's inquiry:

IDENTIFICATION DIVISION

In the Identification Division, Inspector Quinn Tamm, in charge of identification activities, has had no field investigative experience.

He has in the performance of his duties made many field trips in connection with identification activities. He has not at any time been assigned to regular investigative activities in any divisional office.

Special Agent Gerard J. Engert has not at any time been assigned to the field in regular investigative duties. He has been assigned to the field for two-week period of time under the Bureau's policy of having Agents presently assigned to the Seat of Government temporarily assigned to the field for at least a two-week period each year in order to keep abreast of the Bureau's investigative activities.

20 OCT 31 1952

Memorandum for Mr. Tolson

5/9/47

Special Agent [] has not been assigned to regular field investigative work although he also has been temporarily assigned to the field for two-week periods of time and will be assigned to the field in the future for such periods of time under present Bureau policy.

b6

The other Agents assigned to the Identification Division have all had regular field experience.

The Agents assigned to the Identification Division have the responsibility for the supervision of the proper performance of duty of all employees assigned to fingerprint activities.

TRAINING AND INSPECTION DIVISION

There is no Agent presently assigned to the Training and Inspection Division who has not had regular field experience, with the exception of H. A. Meyers, Physical Instructor in the Gymnasium who carries the designation of Special Agent.

ADMINISTRATIVE DIVISION

Special Agent Raymond C. Renneberger, who is assigned to the Administrative Division, has not had a regular field assignment. However, he has been in the field on the two-week field assignments. I also recall that during the large White Slave raids which the Bureau necessarily conducted some years ago that Mr. Renneberger assisted in those investigative activities in the field.

Special Agent Leo J. Gauthier, who is in charge of the Cartographic Section of the Administrative Division, has not had a regular field assignment. He also has been out on the two-week field assignments and he has from time to time assisted in the investigation of cases in the field. I recall particularly that he worked long hours on the investigations in connection with the jail break in Washington; in the investigation of the escape of certain prisoners from the Marshal's van in Washington and in the security surveys by Mr. Gurnea. Mr. Gauthier has also received training in the Major Case Schools. I would consider him fully qualified both from an investigative standpoint and an educational standpoint as a Special Agent. The only reason for listing him is because his headquarters have been the Washington headquarters and he has not been assigned to any divisional office on a more permanent basis.

All other Agents assigned to the Administrative Division have had full field experience.

Memorandum for Mr. Tolson

5/9/47

RECORDS AND COMMUNICATIONS DIVISION

There is no Agent presently assigned to the Records and Communications Division who has not had full field experience.

SECURITY DIVISION

There is no Agent presently assigned to the Security Division who has not had full field experience.

INVESTIGATIVE DIVISION

There is no Agent presently assigned to the Investigative Division who has not had full field experience.

TECHNICAL LABORATORY

There are a number of employees having a Special Agent rating in the Technical Laboratory who have not had full field experience.

At the present time there are 63 Agents or above assigned to the Laboratory. Seven of those assigned are in supervisory categories and are included in the Special Agent supervisory category at the Seat of Government. The others are listed as Special Agents not in a supervisory capacity but having technical qualifications.

The following information is furnished concerning the various sections of the Laboratory:

Administrative

Inspectors Harbo and Long are the administrative heads of the Technical Laboratory and both have had field experience. Special Agent Donald J. Parsons is the technical head of the Laboratory, he having the scientific and technical knowledge, Mr. Parsons, who entered on duty in the Bureau as a firearms expert, has not been regularly assigned to the field. However, he has assisted in conducting field investigations, and I recall particularly his assistance in connection with the landing of the saboteurs. It will be recalled that he proceeded to Florida with the investigative Agents

Memorandum for Mr. Tolson

5/9/47

and assisted in the investigation, looking toward the recovery of explosives buried by the saboteurs when they landed. I feel that Parsons can be considered as having had sufficient investigative experience to fully qualify him in his present designation of Special Agent.

Cryptanalysis -

Special Agent Churchill F. Downing is the supervisor in charge of the Cryptanalysis Section. He was assigned to the Portland Office throughout the war in charge of, cryptanalysis investigative activities, and I feel he should be considered qualified under the Special Agent standards. Special Agents Paul A. Napier and I. Woodrow Newpher are the only other Agents assigned to the Cryptanalysis Section. Mr. Napier has had two weeks of field investigative training and is eligible for such training as it is held in the future. Mr. Newpher has had no such training in the regular scheduled field assignments of two weeks which is held for such Agents at the Seat of Government, however, he will attend such training when it is held in the future.

Document -

Special Agent Joseph A. Sizoo, who is in charge of the Document Section, is fully qualified as a field Special Agent. In the same category are Special Agents Charles A. Appel and Walter G. Blackburn; both have had full field experience.

The following Special Agents assigned to the Document Section have had two weeks of investigative field experience and will be given additional such experience under the present policy being followed by the Bureau of having Agents assigned to the Seat of Government perform field investigative work each year.

Clarence E. Bohn
[redacted]George W. Dingle
Ramos C. Feehan
[redacted]Sidney T. Holland
[redacted]S. Warren Marshall
George F. Mesnig
Fred M. Miller
[redacted]

Joseph E. Gormley

b6

Memorandum for Mr. Tolson

5/9/47

The following Special Agents presently assigned to the Document Section of the Laboratory have not had the two weeks' field experience, neither have they been assigned to the field at any time. However, they will be assigned to the field for investigative experience for two weeks each year under the Bureau's present policy.

James V. Blaine
Clarence W. Brittain
James C. Cadigan
Durley B. Davis
Joseph M. English
Charles F. Grigsby
[redacted]
Curtis E. Thompson
Frederick E. Webb

b6

In justification of the designation of Special Agent to the above-mentioned employees who are assigned to the Document Section, it must be remembered that these employees are on constant call to assist the regular field Special Agents in the handling of investigative work. All of the above-mentioned Agents are thoroughly qualified in the handling of questioned documents. They are assigned to assist in extortion, kidnaping and related investigations wherein document investigation, handwriting, typewriting and other such matters must be scientifically handled in the field during the actual investigation. At those times these men must be able to handle themselves the same as other Special Agents. They are out on the scenes of the crime, they are subject to the same hazards of the work and they must assume the same responsibilities as do Agents in the field. Attention is invited to the fact that in the past these Agents have been called upon to assist in the field investigative work and undoubtedly will be called upon in the future. All of the Agents above listed have appeared in court, testifying as expert witnesses in document work.

Physics and Chemistry -

Special Agent [redacted] is in charge of the Physics and Chemistry Section and has had extensive field experience. Special Agent Richard W. Flach has had the regular field experience.

b6

The following men have had the two weeks' field investigative assignments in the past.

[redacted]
Peter G. Duncan

Memorandum for Mr. Tolson

5/9/47

Roy H. Jevons
[redacted]Briggs J. White
[redacted]

The following Special Agents have not had the field experience, however, they will be subject to it under the present Bureau policy.

Ted D. Beach (Assistant Supervisor of the
Physics and Chemistry Section) b6

George A. Berley
[redacted]John F. Gallagher
William R. Heilman
[redacted]Robert M. Zimmers
[redacted]

Edwin R. Donaldson

You will recall that Special Agent Donaldson was assigned to the Training and Inspection Division for several years as an instructor in laboratory subjects and he has recently been returned to the Laboratory.

All of the men above mentioned are subject to call to proceed to the field in cases in which their special qualifications in physics and chemistry can be of assistance. The same requirements and responsibilities as must be undertaken by the Document men must be undertaken by these men.

Radio and Electrical -

Special Agent I. W. Conrad is the supervisor in charge of the Radio and Electrical Section. He has not been regularly assigned to the field service, however, during the late war period he had many assignments in the field in connection with clandestine radio which in my opinion fully qualified him as a Special Agent having field experience.

Special Agent [redacted] and John M. Matter, who are assigned to the Radio and Electrical Section, have had full field experience. b6

Special Agents Richard L. Millen and Roger W. Swartz have had two weeks of field ;investigative assignments.

Memorandum for Mr. Tolson

5/9/47

The following Special Agents have not had full field investigative experience nor have they had the two weeks of field experience, however, they will be given such experience under present Bureau policy:

Charles W. Arnold
Arthur J. Baker
Gordon L. Davy

[redacted]
Dwayne L. Eskridge
Robert F. Pfafman

b6

[redacted]
Joseph L. Ferritte.

The men assigned to the Radio and Electrical Section although not having regular field investigative experience, I feel have had experience which is comparable to investigative experience in the field. I recall that Eskridge was at Pearl Harbor on December 7, 1941, and was there throughout most of the war period. Others having radio engineering experience have been out in the field on numerous occasions constructing and installing radio sets. These men have handled our clandestine radio installations.

Special Agent Pfafman has had many difficult telephone assignments in the field and at the Seat of Government, and I feel he is well qualified from a Special Agent standpoint in view of the highly confidential work which has been performed by him through the entire war period.

Office Memorandum • UNITED STATES GOVERNMENT

TO : MR. TOLSON *Tom*
 FROM : J. P. MOHR
 SUBJECT: ADDITIONAL INSPECTORS
TRAINING AND INSPECTION DIVISION

DATE: 1/4/52

Reference is made to your conversation with me concerning the desirability of obtaining additional inspectors for assignment to the Training and Inspection Division in order to increase our inspection service in the field and at the Seat of Government. The Director also advised me that he was desirous of considering additional men for inspection assignments at this time.

Reference is made to Mr. Clegg's memorandum to you dated December 19, 1951, concerning the frequency of inspections in the field and at the Seat of Government. Mr. Clegg pointed out that he presently had available in the Training and Inspection Division four full-time inspectors as follows: B. C. Brown, H. B. Long, T. E. Naughten and C. W. Stein. In addition, for inspection work subject to the Director's approval and for surveys at the Seat of Government he has Inspector C. D. DeLoach. Mr. Clegg did not mention in his memorandum, however, that from time to time Mr. Harbo is utilized in making inspections in nearby offices and at the Seat of Government.

Mr. Clegg pointed out that during the year 1951, regular full field inspections were made of a total of 45 divisional offices as compared with 30 in 1950 and the number during 1951 was the highest number of inspections made for many years. Six recheck inspections of divisional offices were made in 1951 as compared with two recheck inspections during 1950. During 1951 there were two regular inspections of Seat of Government divisions. During 1951 all offices conducted self-inspections or are scheduled for self-inspections before the end of January, 1952 except Boston, which had one regular inspection and one recheck inspection during 1951.

Mr. Clegg stated he believed that in the future in addition to a self-inspection of each divisional office and each division at the Seat of Government annually, we should endeavor to build up the inspection staff of the Training and Inspection Division to permit two regular field office inspections annually and at least one Seat of Government inspection annually. He said he felt such a program would require a total full-time inspection staff of ten.

I have discussed with Mr. Mason of the Training and Inspection Division the program outlined by Mr. Clegg and Mr. Mason is of the opinion that an adequate inspection service can be provided for the field and Seat of Government with one regular inspection and one self-inspection per year. He also felt that in order to round out this picture and make it adequate, there should be some recheck inspections.

JPM:DW

I agree with this

File
2-1
Perkins

where the condition of an office would indicate the desirability of such rechecks and possibly more than one regular inspection where a new Agent in Charge is designated in certain instances. Mr. Mason is of the opinion that anyone who is selected for the position of field inspector should have the greatest amount of field experience and if possible should have experience as an SAC. Mr. Mason submitted the attached list containing sixteen names, ten of them being present SACs, three present ASACs, two Seat of Government Supervisors and one Field Supervisor for consideration as full field inspectors.

Mr. Mason pointed out that in the event the Bureau's inspection program required one regular inspection and one self-inspection per year with the desired number of recheck inspections, that six full-time field inspectors could handle this program on an annual basis. This would include an inspection of the Legal Attache and Liaison Offices by an Inspector of the Training and Inspection Division every other year. As you will recall, the Director approved a program of having the Correlation-Liaison Section make a check of the Legal Attache and Liaison Posts one year and on the following year a regular inspection to be made by an Inspector of the Training and Inspection Division. This program is being followed at the present time. There are ten Legal Attache and Liaison Offices at the present time. Mr. Mason in his estimate of six full-time field inspectors is also considering the possibility of utilizing Mr. Harbo on some Seat of Government inspections and possibly an inspection or two of nearby divisional offices.

I am of the opinion that the Bureau's inspection service is an important adjunct of the work of the Bureau. However, I wish to point out that it is one that involves considerable administrative cost. I think that the advantages of a considerable number of inspections are outweighed by the cost involved and the certain amount of disruption which occurs in a divisional office when it is subject to a regular inspection or even a self-inspection. As you know, at the present time divisional office inspections are conducted with the use of Inspector's Aides and on an average of ten to fifteen Inspector's Aides are used per inspection. In the event we had six full-time field inspectors assigned to the Training and Inspection Division and they were out in the field conducting inspections at the same time, approximately ninety Inspector's Aides would be tied up on this work. If there were ten inspectors, there would be approximately 150 Inspector's Aides. The Inspector's Aides are the best qualified men we have in the service with the greatest amount of experience and obviously their services are lost to the Bureau's investigative work when they are tied up on field inspection assignments.

Furthermore, it should be borne in mind that in the larger offices a full field inspection takes a considerable period of time. If the program suggested by Mr. Clegg were adopted of having two field in-

inspections and a self-inspection annually, the New York Office would be under inspection approximately half the year. The last regular inspection of the New York Office in 1951 took seven weeks utilizing the services of 25 Inspector's Aides. A self-inspection would last at least seven weeks and probably longer because the New York Office would not be able to utilize as many personnel in making a complete inspection of the office. Assuming, however, that it took seven weeks, two regular inspections plus the self-inspection would take as a minimum 21 weeks out of a year. It should also be pointed out that during an inspection a considerable amount of Agents' time is lost during interviews, writing memoranda and the like and a considerable amount of stenographic, typist and clerical time is utilized in connection with an inspection.

I feel that an agency such as the Bureau which is not decentralized and which operates with uniform operating procedures is not in need of so many inspections as an agency which is decentralized and does not have standard operating procedures in each office. Consequently I am in favor of one regular inspection for the Seat of Government and the field per year and one self-inspection for the Seat of Government and the field per year.

I have given very careful thought to the selection of men for assignment to the Training and Inspection Division for full field inspection work. They are listed in the order of my choice in accordance with what I believe the qualifications for this assignment should be.

1. JOSEPH A. SIZOO, Inspector in Charge, Records Section, Records and Communications Division

Mr. Sizoo entered on duty in the Bureau in a clerical capacity on July 10, 1935 and was appointed to the position of Special Agent on November 1, 1938. He is presently in Grade GS-14, \$9600 per annum. He is 41, married and has two children. He has Bachelor of Arts and Laws Degrees. He is a legal resident of Arlington, Virginia and has no office of preference. Mr. Sizoo has an outstanding record in the Bureau's service and has served as a Supervisor in the Security Division, was in charge of the Document Section in the Laboratory and has previous experience as an Inspector in the Training and Inspection Division. As you know, he was also assigned to your office for a year and did an outstanding job. He was assigned to his present job in the Records Section on August 4, 1951. I have discussed with Mr. Nichols the possibility of Mr. Sizoo being utilized as a full-time field Inspector and Mr. Nichols advised that although he would hate to lose Mr. Sizoo, he was of the opinion that he had qualifications for such an assignment. In the event Mr. Sizoo is selected for an Inspector's assignment in the Training and Inspection Division, Mr. Trotter will be recommended to replace him since it is felt Mr. Trotter is fully qualified to handle the duties and responsibilities of running the Records Section. Mr. Nichols agrees.

2. WILLIAM G. SIMON, Assistant Special Agent in Charge, Kansas City Division

Mr. Simon entered on duty as a Special Agent on December 9, 1940 and is presently in Grade GS-13, \$8760 per annum. He is 38, married and has three children. He has Bachelor of Arts and Laws Degrees. He has no office of preference. Mr. Simon has an excellent record in the Bureau's service, has had a wealth of experience as an Agent in the field, as a Supervisor in the Security Division and has been ASAC at Kansas City since April 27, 1950. The Director saw him on November 5, 1951 and said he made a good personal appearance, seemed to be interested in his work and he rated him above average.

3. JULIUS M. LOPEZ, Special Agent in Charge, New Orleans Division

Mr. Lopez entered on duty in the Bureau as a Special Agent on March 22, 1937, resigned October 20, 1937, was reinstated on May 15, 1939 and is presently in Grade GS-14, \$9600 per annum. He is 43, married and has no children. He has Bachelor of Science and Laws Degrees. He is a legal resident of Biloxi, Mississippi and his office of preference is New Orleans. Mr. Lopez has an excellent record and has a wealth of experience as an Agent, as a Supervisor at the Seat of Government, as ASAC and as SAC.

4. JOHN F. MALONE, Special Agent in Charge, Louisville Division

Mr. Malone entered on duty as a Special Agent on May 4, 1942 and is presently in Grade GS-14, \$9600 per annum. He is 41, married and has no children. He has a Bachelor of Arts Degree. He is a legal resident of Carbondale, Pennsylvania and has no office of preference. Mr. Malone has an excellent record and has had extensive experience as an Agent in the field. He was assigned to the Training and Inspection Division as a firearms expert at Quantico, has been a Supervisor in the Security Division, served as ASAC in Cleveland, as SAC in San Diego and his present office of assignment, Louisville. Mr. Malone is an extremely conscientious, sincere and loyal individual.

5. NATHANIEL R. JOHNSON, Assistant Special Agent in Charge, Pittsburgh Division

Mr. Johnson entered on duty as a Clerk on May 25, 1942 and was appointed a Special Agent on December 14, 1942. He is presently in Grade GS-13, \$8560 per annum. He is 31, married and has two children. He has a Bachelor of Arts Degree and attended law school. He is a legal resident of Wildwood, New Jersey and has no office of preference. He has an excellent record in the Bureau's service and has had considerable experience in the field in addition to experience as a Supervisor in the Security Division at the Seat of Government. He has been ASAC at Pittsburgh since December 18, 1950 and has done an outstanding job in his present position, having received a meritorious increase on September

The Director saw him on November 5, 1951 and said he made a very good personal appearance, seemed to be particularly enthusiastic and he would rate him above average.

6. FRANK L. PRICE, Chief, Criminal Section, Investigative Division

Mr. Price entered on duty on February 3, 1941 and is presently in Grade GS-14, \$9600 per annum. He is 37, married and has two children. He has Bachelor of Arts and Laws Degrees. He is a legal resident of Washington, D. C. and has no office of preference. Mr. Price has an excellent record in the Bureau's service and has had extensive experience as a Supervisor at the Seat of Government. He presently occupies an important supervisory position in the Investigative Division. The Director saw him on March 13, 1951 and said he was very well impressed with Mr. Price's enthusiasm and reaction to certain suggestions the Director made in connection with slot machine activity enforcement and the enforcement of the cattle theft legislation. The Director had previously seen Mr. Price on January 13, 1951 and said he made an excellent appearance, appeared to have a fine attitude and it was felt he should be kept in mind for further advancement in the Bureau.

The foregoing list of six names of potential Inspectors is submitted in the event the suggestion made by Mr. Clegg is approved.

However, as indicated I do not agree with Mr. Clegg's suggestion.

RECOMMENDATION

I recommend that two full-time Inspectors be added to the inspection staff of the Training and Inspection Division in order that one regular inspection can be conducted per year of the Seat of Government and the field and also the Legal Attache Offices every other year, with any necessary recheck inspections that might be indicated. I have discussed the selections submitted above with Mr. Mason and he feels any or all of them would be excellent adjuncts to the inspection staff of the Training and Inspection Division.

ASS'T. DIRECTOR L. B. NICHOLS

Mr. Sizoo was assigned as the Inspector in Charge of the Records Section on August 4, 1951. Immediately following this period it was necessary for him to spend considerable time covering his desk and breaking in his replacement. However, he spent considerable time in the Records Section and has taken hold of the problems there in a most gratifying manner. He has put in long hours and he impresses me with the soundness of his judgment and the vigor with which he approaches the solution of problems presented to him. He is self-reliant and confident and I am sure will give the same type of excellent performance that has characterized his other assignments in the Bureau. I am impressed with his enthusiasm, high intelligence and industry.

STATUS: Satisfactory

Inspector Harbo:

Mr. Sizoo is well above average in intelligence, alertness, and enthusiasm. He has applied himself very diligently to the reorganization of the Records Section and the strengthening of weak spots. There is much yet to be done but he is making good progress.

Mr. Ladd advised of the Director's inquiry concerning inspectors being in Washington and the need for keeping them on inspections in the field. *JH*

The field inspectors assigned to this Division with their whereabouts are as follows:

B. C. Brown - now inspecting Savannah office. He expects to complete there next week and then proceed directly to the inspection of the Miami and San Juan Offices.

H. B. Long - now inspecting Minneapolis. He completes his present road trip possibly by the end of next week, then returns to Washington, dictates his report and then has applied for his annual vacation.

T. E. Naughten - now on vacation. His annual leave to continue until his return on September 24, after which he will promptly proceed to the inspection of the Baltimore Office.

C. W. Stein - under transfer to this Division - has not yet reported from the Washington Field Office.

Mr. C. C. Gearty, until recent weeks a field Inspector, is now assigned to Mr. Tolson's office; Mr. J. A. Sizoo was several months ago transferred from this Division and is now in the Records & Communications Division; Mr. J. A. Carlson resigned, and Mr. Stein is the only replacement who is under transfer to this Division.

Occasionally in the past there have been more than one inspector in Washington temporarily when two road trips ended at approximately the same time and their dictation and their final report is taking place in Washington. *96 JH*

OFFICE MEMORANDUM

UNITED STATES GOVERNMENT

TO : MR. TOLSON

DATE:

8-7-51

FROM : J. P. MOHR

SUBJECT: REPLACEMENT FOR J. A. SIZOO

I would like to recommend that Inspector Gerald C. Gearty of the Training and Inspection Division be assigned to your office to replace Mr. J. A. Sizoo who has been designated Inspector in Charge of the Records Section to replace Mr. Holloman.

There is attached a permanent brief of Mr. Gearty's file which reflects that he entered on duty as a clerical employee on June 12, 1939 and was appointed to the position of Special Agent on March 4, 1940. He is presently in Grade GS-14, \$8800 per annum. He is 40 years of age, married and has one child. He has Bachelor of Arts and Bachelor of Laws Degrees. He is a legal resident of Minneapolis, Minnesota and he has no office of preference.

Mr. Gearty has an excellent record in the Bureau's service, has served in a number of divisional offices, has been ASAC at Cleveland, was a Supervisor in the Investigative Division from May 1941 until June 1944 and has been assigned to the Training and Inspection Division since February 28, 1950.

I have discussed Mr. Gearty's qualifications with Mr. Clegg and Mr. Clegg feels that he would very capably perform the duties performed formerly by Mr. Sizoo. I know Gearty and I feel that he will work out satisfactorily.

I would like to have a few more days to consider somebody to replace Mr. Trotter. I have thought of a number of possibilities but I still would like to give this problem a little more consideration. Actually if we could get Gearty up here in the near future we could very well get along for a little while without someone to replace Mr. Trotter. Eventually, of course, we should have someone to come in and take over during my absence of Mr. Gearty's absence in the event you approve Mr. Gearty.

You will recall that Mr. Sizoo took over the desk formerly occupied by Inspector Carlson in your office and Mr. Sizoo handled this desk until his assignment to the Records Section as Inspector in Charge in August 1951.

During Mr. Sizoo's assignment to your office I feel he made a very worthwhile contribution to the work of the Bureau and I was particularly impressed by his aptitude in handling all of the various phases of the work in your office. Mr. Sizoo has an excellent background and knowledge of the Bureau's policies and procedures and demonstrated above average ability in applying this knowledge and aptitude in the work of the office.

I feel that Mr. Sizoo is possessed of considerable executive ability and I feel should be considered for future executive positions in the Bureau. I am submitting this memorandum because I feel in view of the outstanding work performed by Mr. Sizoo that it should be made a part of his Bureau record.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

JOSEPH A. SIZOO
Records & Communications Division
Inspector in Charge of Records
GS-14, \$8800

Mr. Sizoo has been in charge of the Records Section since August 6, 1951. He took over at a very difficult time and his good judgment and calmness had an immediate stabilizing effect in the Records Section.

Sizoo has considerable enthusiasm, a good personality, and the ability to quickly assimilate detail and get to the heart of problems. He has a good analytical mind and the industry which is needed to make his presence felt.

I think Mr. Sizoo has given leadership to the supervisory staff in the Records Section and I consider that he has turned in an excellent performance since his assignment. He puts in considerable overtime and is always willing to do more.

Reference is made to recent instructions I received from the Director concerning my transfer to the Training and Inspection Division.

As you know Mr. Trotter, who is my replacement, is now on annual leave, and he contemplates returning to duty during the early part of the week of January 21, 1952. I do not feel that an extended indoctrination will be necessary, but I believe I should remain a day or two in order to bring Trotter up to date on any developments which may have occurred during his absence. Accordingly, unless you advise otherwise, I will plan to report to Mr. Clegg on 1-28-52

RE: JOSEPH A. SIZOO
INSPECTOR
CHIEF OF TRAINING SECTION
TRAINING & INSPECTION DIVISION

ANNUAL EFFICIENCY REPORT

During the rating period, from 4/1/51 to 8/4/51 this employee was assigned to Mr. Tolson's office. From 8/4/51 until 1/30/52 he was Chief of the Records Section of the Records and Communications Division. From 1/30/52 to 2/6/52 he was an Inspector assigned to the Training and Inspection Division, and since 2/6/52 has been Chief of the Training Section of the Training and Inspection Division. This report covers that phase of his assignment in the Training and Inspection Division and serves as that portion of the annual official report as well as the 60-day administrative report.

There was no record of any disciplinary action in his personnel file during the rating period.

I consider Mr. Sizoo to be outstanding in judgement, soundness of thinking and procedure, loyalty, in energy and the application of his energies in a vigorous manner. He is self-confident. He gets things done without bombast or excitement and he stimulates cooperativeness on the part of personnel. He possesses splendid qualities of leadership. He is learning the various duties of his position rapidly, is studious and is able to make a good evaluation of problems and facts presented to him.

Mr. Sizoo is presently occupying the #2 position in the Training and Inspection Division and attends the Executives Conference in the absence of Messrs. Clegg and Mason. He is in charge of all training operations in the Training and Inspection Division and I think the position he occupies should be properly allocated to Grade GS-15. As you know, Mr. Sizoo prior to occupying his present position was Inspector in Charge of the Records Section and prior to that time he served in your office handling the duties presently being handled by Inspector Gearty. Mr. Sizoo has what I consider to be outstanding ability and he has handled each of his jobs in a far above average manner. I think that he well merits re-allocation to Grade GS-15.

There is attached a permanent brief of his file which reflects he entered on duty in the Bureau as a clerical employee on July 10, 1935 and was appointed to the position of Special Agent on November 1, 1938. He is presently in Grade GS-14, \$9600 per annum. He is 41 years of age, married and has two children. He has Associate of Arts, Bachelor of Arts and Bachelor of Laws Degrees. He is a legal resident of Arlington, Virginia and has no office of preference. He has served in a number of divisional offices as a Special Agent, has served as ASAC in the Memphis Division, has been a Supervisor in the Domestic Intelligence Division, the Laboratory and the Training and Inspection Division and, as indicated, was assigned to your office and as Inspector in Charge of the Records Section. He has been assigned to the Training Division since January 30, 1952. He has an excellent record in the Bureau's service.

RECOMMENDATION

I recommend that Mr. Sizoo be reallocated to Grade GS-15, \$10,800 per annum.

SUBJECT: INSPECTOR J. A. SIZOO

Inspector J. A. SIZOO lectured on the subjects "Investigative Techniques" and "Pride in the Profession" on May 21, 1952, before the FBI National Academy Retraining Session for associates from Missouri and Kansas. I was present for his lecture on "Investigative Techniques" and considered it an outstanding lecture. His material was obviously carefully prepared in advance and consisted of a narration of unusual techniques successfully employed by Academy graduates.

The majority of the techniques indicated would be applicable to Bureau work and I feel that the data contained therein could very successfully be used in a lecture for new Agents and at retraining sessions for Special Agents. I was very favorably impressed with the presentation of this material by Inspector SIZOO.

Due to emergent matters arising in the office, it was not possible for me to hear Inspector SIZOO talk on "Pride in the Profession". I was subsequently informed that the subject matter of this talk was excellent and presented very capably.

Inspector SIZOO's presence was in a large measure responsible for the enthusiasm exhibited by the associates present at this session.

NARRATIVE COMMENTS

DEC 20 1952

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee JOSEPH A. SIZOOTitle INSPECTOR, GS-15, \$10,800Rating Period: from 3/31/52 to 12/11/52

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

RE: JOSEPH A. SIZOO
INSPECTOR-IN-CHARGE
TRAINING SECTION
TRAINING & INSPECTION DIVISION
TRANSFER PERFORMANCE RATING

This is a special performance rating given to Mr. Sizoo in view of his transfer, effective at the close of business December 12, 1952, to the Director's Office from his former position as Inspector-in-Charge of the Training Section. The rating period covers the time between April 1, 1952 and the close of business December 11, 1952.

Mr. Sizoo has served as the Inspector-in-Charge of the Training Section, Training and Inspection Division, and has performed admirably under all circumstances. I consider Mr. Sizoo to be outstanding in judgment, soundness of thinking, knowledge of procedures, loyalty, energy and in general application to his responsibilities. Mr. Sizoo is self-confident. He gets things done quickly, quietly and well, and in so doing stimulates cooperativeness on the part of his subordinate personnel.

Mr. Sizoo possesses splendid qualities of leadership and is well fitted to serve in an executive capacity. He did a very fine job in all respects as Chief of the Training Section and he utilized his wide and broad experience at the Seat of Government in various capacities to good advantage in discharging his responsibilities in this division.

In addition to his service as Chief of the Training Section, Mr. Sizoo has participated in several inquiries and he has also inspected the Little Rock Field Office as Inspector-in-Charge. In each of these capacities his services were outstanding.

Mr. Sizoo makes a good evaluation of problems and quickly gets to the meat of facts presented to him. He is clear-thinking and firm in his analyses of situations; yet he is sympathetic and understanding in his approach to personnel problems. I am well pleased with the performance of Mr. Sizoo in this division and consider him an outstanding young gentleman of admirable traits and exceptional ability. Rating: SATISFACTORY.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

Joseph A. Sizoo - Inspector
Office of the Director

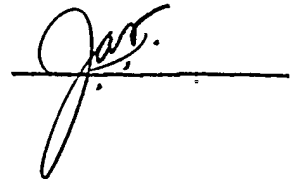

Annual Performance Rating

Mr. Sizoo has been assigned to the Director's Office since December 12, 1952. Since that time he has quickly assimilated the duties in his position and has very rapidly developed. He has performed his duties in a highly satisfactory manner and has displayed good judgment in connection therewith. He has exhibited initiative and resourcefulness and has made several suggestions for the improvement of the work in the Director's Office. He has been found to be a very conscientious and industrious individual and has consistently stayed late at night in order to get the job done without any thought to personal considerations.

Mr. Sizoo has displayed confidence and has accepted the responsibilities placed upon him in an admirable fashion. I think Mr. Sizoo is outstanding in judgment and his extensive experience in the Bureau highly qualifies him for his present duties.

Mr. Sizoo presents an above-average personal appearance and has a very attractive personality. He meets people easily and in his contacts conducts himself in a dignified manner.

I think that Mr. Sizoo has the necessary qualifications to perform satisfactorily as a Special Agent in Charge at this time and would so recommend him.

Prior to that time he occupied the position of Inspector in Charge of the Training Section in the Training and Inspection Division. Mr. Sizoo has an excellent record in the Bureau's service and it is felt that since it is necessary to reduce the Agent personnel by one in the Director's Office that Mr. Sizoo should be returned to his former position in the Training Division at this time. He previously did an excellent job in the Training Division prior to his assignment to the Director's Office.

(2) It is recommended that Inspector G. Lester ~~Trotter~~ be transferred from the Training Division to Mr. Tolson's Office as an Inspector with no change in grade or salary.

Mr. Trotter is presently in grade GS 15, \$10,800 per annum and occupies the position of Inspector in Charge of the Training Section of the Training and Inspection Division. (3) It is recommended that Special Agent Supervisor [redacted] be transferred from Mr. Tolson's Office to the Administrative Division as Assistant Personnel Officer with no change in grade or salary.

[redacted] is presently in grade GS 14, \$9600 per annum. He was previously a Unit Chief in the Administrative Division prior to his assignment in Mr. Tolson's Office on January 19, 1953. A vacancy in the position of Assistant Personnel Officer exists in view of the transfer of Mr. John Edwards to the Training Division as an Inspector. There is attached a permanent brief of [redacted] file. [redacted] has an excellent record in the Bureau's service and has excellent capabilities for further advancement. During his assignment in Mr. Tolson's Office he performed his duties in an excellent manner and demonstrated he is possessed of considerable intelligence, initiative, and executive ability. He received two letters of censure in April, 1953, for errors which occurred in the Service Award indices in the Administrative Division. These errors, however, were made by clerical employees when the indices was set up by [redacted] in the middle of 1952.

[redacted] is very anxious to progress in the Bureau's service, particularly at the Seat of Government, and, as I have already indicated, I think has excellent potentialities for further advancement. He is extremely enthusiastic, interested in his work, and thoroughly loyal to the Director and to the Bureau. I think he should be kept in mind for any vacancy which might occur at the Seat of Government in the future which would permit him to advance.

MEMORANDUM FOR MR. TOLSON

Today I saw Inspector Joseph A. Sizoo who was recently transferred from my office to the Training and Inspection Division and who is now being designated to take the place of Mr. Laughlin in the Domestic Intelligence Division. Mr. Sizoo seems to be intensely interested in his work and has an excellent attitude.

I discussed with Mr. Sizoo the necessity for tightening up in the administration of the Bureau and for bringing about a basic improvement in the supervisory staffs of the Bureau, particularly in the Domestic Intelligence Division to which he is now being assigned.

GS-15; \$10,800

This is a sixty-day report following the assignment of Mr. Sizoo to the Domestic Intelligence Division on September 15, 1953, as Inspector in Charge of the Internal Security-Liaison Branch.

Mr. Sizoo has taken hold in a very satisfactory manner. He has shown above-average interest and industry in assimilating his new duties. He has had no difficulty in understanding the problems involved and has been able to keep the work flowing and keep his desk up to date. This is no doubt due in some part to the fact that he has a thorough knowledge of Bureau policy and through the previous positions he has held in the Bureau has come into close contact with the work of this Division.

Mr. Sizoo's progress in this position has been rapid and I have no doubt that he will handle the job in a very capable fashion. He is rated SATISFACTORY.

Dear Mr. Hoover,

It was with much pride that I listened last evening to the rebroadcast of your statement before the Jenner Committee yesterday and read this morning's news accounts.

Your comments were presented in such a straightforward and factual manner they could not help but impress anyone hearing them with the logic of the Bureau's position.

I am sure you will have received many glowing comments from others both in and out of the Bureau, but, realizing that you were actually representing all the rest of us in the FBI at the time, I wanted to add these words of appreciation for the exceedingly effective presentation which you made.

Dear Sizoo:

I certainly appreciated receiving your note of November 18 concerning my testimony before the Jenner Committee.

The response to my remarks has been most gratifying, and I feel that we made our point and that some real good is going to result. Editorial comments appear to indicate a better awareness of our jurisdictional limitations and, too, I note that a number of the more noisy critics have evidently been silenced.

It was very kind of you to write.

Sincerely,

J. E. A.

Mr. Sizoo is presently in Grade GS-15, \$11,050 per annum, having been reallocated to that grade on April 17, 1952. Mr. Sizoo was assigned to his present position in the Domestic Intelligence Division on September 15, 1953. On September 8, 1953, he was designated Inspector in Charge of the Training Section of the Training and Inspection Division and prior to that he served in the Director's Office.

A permanent brief of Mr. Sizoo's file is attached which reflects he has had a wealth of experience at the Seat of Government, having served in your office, was Inspector in Charge of the Records Section of the Records and Communications Division and also served in the Laboratory. He was previously assigned to the Domestic Intelligence Division from June 15, 1942 until June 1, 1945. Mr. Sizoo has an excellent record in the Bureau's service.

On November 16, 1953, Mr. Belmont rated him Satisfactory and said he had taken hold in a very satisfactory manner and had shown above average interest and industry in assimilating his new duties. He said he had had no difficulty in understanding the problems involved and had been able to keep the work flowing and keep his desk up to date. Mr. Belmont said his progress in his present position had been rapid and he thought there was no doubt he would handle the job in a very capable fashion. **RECORDED-24**

The position occupied by Mr. Sizoo as Inspector in Charge of the Internal Security Section of the Domestic Intelligence Division was formerly occupied by Mr. Leo L. Laughlin and Mr. Laughlin while in this position was in Grade 16. Mr. C. E. Henrich ~~was in charge~~ of the Espionage Section of the Domestic Intelligence Division is presently in Grade 16. There is one Grade GS-16 vacancy at the Seat of Government and it is the one for the position that Mr. Sizoo presently holds. **67-57645-266**

It is felt in view of Mr. Sizoo's excellent record in the Bureau, his long length of service and the above average manner in which he has performed his duties that he should be favorably considered for reallocation to Grade GS-16 at this time.

Mr. Tolson made inquiry on the attached memorandum concerning the telephone call which I received from Security Supervisor Connors of Boston at 4:50 PM, January 13, 1954.

This phone call dealt with the question of whether or not we should identify to the Massachusetts Commission to Investigate Communism in Boston two security informants of the Bureau. There were some developments which Boston wanted to make available to the Bureau and the Bureau was requested to consider Boston's recommendation that the Counsel of the Commission be advised of the fact that these informants are cooperating with the Bureau. It was considered desirable to query Boston to some degree in connection with this matter to be sure that all alternatives had been considered and, in this connection, it was necessary to also discuss the matter with SAC Kelly, who conducted further discussions with the interested Agents in Boston, and alternative action was taken as indicated in my memorandum concerning this matter, a copy of which is attached.

Mr. J. A. Sizoo

Dear Mr. Sizoo:

I want to bring to your attention the fact that you initialed an outgoing letter addressed to the Knoxville Office on June 4, 1952, while you were the Inspector In Charge of the Training Section of the Training and Inspection Division. You also initialed this document for the Assistant Director in charge of the Division. You failed to insist that the Knoxville Office comply with existing Bureau regulations relative to the furnishing of certain types of training to auxiliary police officers.

You permitted the Knoxville Office to make a commitment to provide training for auxiliary police without having first secured Bureau permission. You neglected to challenge this action on the part of the Knoxville Division. Consequently, the Knoxville Office followed the precedent which you permitted and ultimately a situation arose causing embarrassment to the Bureau.

You should take steps to exercise more care in the discharge of your supervisory responsibilities.

Very truly yours,

J. Edgar Hoover

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

Re: JOSEPH A. SIZOO
INSPECTOR
GS-16; \$12,000
EOD BUREAU: Clerk - 7/10/35
Agent - 11/1/38

Mr. Sizoo served in the Director's Office as an Inspector until August 3, 1953, when he was transferred to the Training and Inspection Division as Inspector in Charge of the Training Section. He carried out his duties in a very acceptable manner in both of these positions.

In September, 1953, Mr. Sizoo assumed his present duties as the Inspector in Charge of the Internal Security-Liaison Branch of the Domestic Intelligence Division. In his present capacity, he supervises a wide variety of internal security and related investigative matters, as well as the liaison functions of the Bureau and the variety of matters handled in the Liaison Section. He has had a great deal of experience in various phases of the Bureau's work and is thoroughly grounded in Bureau policy. He is alert, highly industrious, handles a large volume of work, and has the knowledge and quickness of mind which enables him to arrive at sound decisions on the many problems which face him daily. He is very willing and accepts responsibility readily. He has demonstrated frequently that he is very loyal to the Bureau.

Mr. Sizoo was censured on March 12, 1954, for permitting a field office to make a commitment to provide training for auxiliary police without first having secured Bureau permission. This pertained to a letter initialed by him on June 4, 1952.

Mr. Sizoo is a hard-working, capable Bureau executive. He is a distinct asset to the Domestic Intelligence Division and is capable of further advancement. He is rated SATISFACTORY.

A handwritten signature, likely of the official who wrote the report, is located at the bottom left of the page. It consists of a stylized, cursive name that appears to be 'Jad' or similar, followed by a horizontal line.

Mr. Joseph A. Sizoo

Dear Mr. Sizoo:

A recent inquiry into the reasons for the unwarranted delay on the part of the Domestic Intelligence Division in handling and answering an urgent teletype of April 30, 1954, from the Detroit Division regarding the possibility that three security informants might be called before a Congressional Committee, has disclosed that the incoming communication was brought to your attention shortly after 1:00 P.M. on May 1, and although the teletype indicated that the hearings in Detroit were scheduled to begin on May 3, 1954, and an expeditious reply had been requested, the teletype did not reach the Internal Security Section where it was to be handled until the morning of Monday, May 3, 1954.

It should have been apparent to you that this communication required immediate attention and you were derelict in not seeing to it that immediate action was undertaken and in not following on the matter to insure its early completion. It is essential that you exercise better judgment and more alertness in such matters in the future so that all delays in matters of this importance will be avoided.

Dear Mr. Sizoo:

It has been noted during an inquiry with respect to the improper method by which amended pages were being substituted in FBI investigative reports already in the files of the Department of Justice that you approved certain instructions which were sent to the field following the recanting by former confidential informant Harvey Matusow of his testimony in a number of cases. At the time you approved these instructions you apparently gave no thought to the fact that the procedure being followed in disseminating amended pages of reports could cause the Bureau serious embarrassment.

There is no question but that you should have recognized this problem and seen to it that action was taken to correct the method of disseminating the changes and a procedure adopted which would have given no basis for possible embarrassment to the Bureau. Henceforth you will be expected to carefully evaluate such problems and see to it that the Bureau's best interests are protected.

Very truly yours,

J. Edgar Hoover

Dear Mr. Sizoo:

I have noted you reviewed and approved a letter addressed to [redacted] under date of May 20, 1955. This letter did not mention the fact that I had talked to Congressman John J. Rooney concerning a certain matter although I had instructed that this information be included in the letter to [redacted]. This entire matter has been atrociously handled and I want you to know that your failure to insure that my instructions were carried out was most serious.

In the future you will be expected to exercise greater care and attention to detail in the performance of your official duties and to make certain that my instructions are carried out.

Very truly yours,

You asked that I explain the initialing for you of the first draft of the letters to Congressman Rooney and [REDACTED] which did not reflect that Congressman Rooney had called the Director concerning this request.

As I recall, these letters first reached me on Friday, 5-20-55, while you were in Quantico. Although the Director's memorandum covering his conversation with Congressman Rooney was attached under the incoming letter from [REDACTED] when approving the letter for you, I inadvertently failed to note the Director's instructions that the letter to [REDACTED] include a comment that Mr. Rooney had called the Director. There is no excuse for my failure to note the Director's instructions in this connection. I should have checked the Director's memorandum more closely.

I very much regret my failure in this instance. Had I noted the special instructions I would have had the outgoing mail changed accordingly. I will certainly make every effort to avoid such errors in the future.

This association is ordinarily not involved in any type of controversial activity and there is no reason to believe that any embarrassment to the Bureau could result. The association is primarily for the purpose of handling certain house-keeping functions such as upkeep of roads, removal of trash and garbage, et cetera, for this small beach colony which is located on the Chesapeake Bay.

Unless advised to the contrary, I will serve in this capacity for the summer months.

Dear Mr. Sizoo:

You reviewed and approved a memorandum to all investigative employees dated August 15, 1955, advising of the addition of Daniel Abram Everhart to the Top Ten Fugitive list. It is apparent that you did not carefully review this memorandum inasmuch as you failed to detect that the name of another fugitive had erroneously been substituted for the name of Everhart in two places in the third paragraph of this communication.

While the Bureau realizes that it is necessary for you to review a large volume of official correspondence daily, it will be necessary for you to perform this phase of your duties more carefully in the future in order to prevent errors such as these.

Mr. Sizoo was recently transferred on 8-25-55 to the position of Inspector in Charge of the Internal Security - Liaison Branch, Domestic Intelligence Division, as a replacement for Inspector Victor P. Keay, who was reassigned to duties in the Training and Inspection Division because of the inadequate manner in which he had supervised the Bureau's liaison work and activities of the Internal Security Section. Prior to this transfer, Mr. Sizoo had served as Assistant to Mr. Tolson since 6-1-54 and before his assignment in Mr. Tolson's Office had previously served as Inspector in Charge of the Internal Security - Liaison Branch (his present position) for several months. He was formerly assigned to the Director's Office as an Inspector from 12-12-52 to 9-8-53.

67-57045-293

Mr. Sizoo completed twenty-years' service in the Bureau on 7-10-55 and his Twenty Year Service Award Key was personally presented to him by the Director on 7-8-55. He has had a wealth of experience at the Seat of Government where he has been assigned since 1946, and where he was previously assigned from 6-15-42 to 6-1-45. He has an excellent over-all record. During the past twelve months he has received two letters of CENSURE. On 2-23-55 he was CENSURED for approving instructions to the field which could have caused the Bureau serious embarrassment. This was in connection with information furnished by former confidential informant Harvey Matusow and Mr. Sizoo failed to see that action was taken to correct the improper method of disseminating changes in Bureau reports. He was CENSURED on 5-26-55 for reviewing and approving an outgoing letter without seeing to it that the Director's instructions to include certain information therein were carried out. In addition, a letter of CENSURE is being directed to him under date of September 2, 1955, for reviewing and approving a memorandum to all investigative employees dated 8-15-55 advising of the addition of Daniel Abram Everhart to the "Top Ten" fugitive list without detecting that the name of the wrong

In accordance with instructions contained in the Director's memorandum of May 10, 1955, a tabulation has been maintained in connection with reviewing officials who approve correspondence containing nonsubstantive errors. As of October 28, 1955, Inspector J. A. Sizoo had eleven such errors charged to him.

A review of these errors reflects that they were all of a nonserious nature and none of the errors changed the meaning of the communications in question in any way.

Inspector Sizoo has assured me that he will make every effort to use even more care in the future so that such errors will be kept at an absolute minimum.

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective ratings:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

- + (1) Personal appearance.
+ (2) Personality and effectiveness of his personal contacts.
+ (3) Attitude (including dependability, cooperativeness, loyalty, enthusiasm, amenability and willingness to equitably share work load).
+ (4) Physical fitness (including health, energy, stamina).
+ (5) Resourcefulness and ingenuity.
+ (6) Forcefulness and aggressiveness as required.
+ (7) Judgment, including common sense, ability to arrive at proper conclusions; ability to define objectives.
+ (8) Initiative and the taking of appropriate action on own responsibility.
+ (9) Planning ability and its application to the work.
+ (10) Accuracy and attention to pertinent detail.
+ (11) Industry, including energetic consistent application to duties.
+ (12) Productivity, including amount of acceptable work produced and rate of progress on or completion of assignments. Also consider adherence to deadlines unless failure to meet is attributable to causes beyond employee's control.
+ (13) Knowledge of duties, instructions, rules and regulations, including readiness of comprehension and 'know how' of application.
0 (14) Technical or mechanical skills.
+ (15) Investigative ability and results:
 - (a) Internal security cases
 - (b) Criminal or general investigative cases
 - (c) Fugitive cases
 - (d) Applicant cases
 - (e) Accounting cases
0 (16) Physical surveillance ability.

- ✓ (17) Firearms ability.
+ (18) Development of informants and sources of information.
+ (19) Reporting ability:
 - (a) Investigative reports
 + (b) Summary reports
 + (c) Memos, letters, wires
 (Consider: - conciseness; - clarity; - organization; - thoroughness; - accuracy; - adequacy and pertinency of leads; - administrative detail.)
0 (20) Performance as a witness.
+ (21) Executive ability:
 + (a) Leadership
 + (b) Ability to handle personnel
 + (c) Planning
 + (d) Making decisions
 + (e) Assignment of work
 + (f) Training subordinates
 + (g) Devising procedures
 + (h) Emotional stability
 + (i) Promoting high morale
 + (j) Getting results
0 (22) Ability on raids and dangerous assignments:
 - (a) As leader
 - (b) As participant
+ (23) Organizational interest, such as making of suggestions for improvement.
+ (24) Ability to work under pressure.
- (25) Miscellaneous: Specify and rate:

+ **Capability for additional responsibility.**

A. Specify general nature of assignment during most of rating period (such as security, criminal, applicant squad, or as resident Agent, supervisor, instructor, etc.): Security - administrator

B. Specify employee's most noteworthy special talents (such as investigator, desk man, research, instructor, speaker): Desk man - Inspector - Executive

C. (1) Is employee available for general assignment wherever needs of service require? Yes If answer is not 'yes', explain in narrative comments.
 (2) Is employee available for special assignment wherever needs of service require? Yes If answer is not 'yes', explain in narrative comments.

D. Has employee had any abnormal sick leave record during rating period? No (If so, explain in narrative comments.)

Re: JOSEPH A. SIZOO

Part I - General Comments

For that portion of the rating period until August 25, 1955, Mr. Sizoo was Assistant in Mr. Tolson's office. On that date, he was transferred to his present position as Inspector in Charge of the Internal Security-Liaison Branch in the Domestic Intelligence Division. In this capacity, he has direct responsibility for three Sections--namely, Internal Security, Subversive Control, and Liaison.

In view of the diversity of matters handled in this Branch, the Branch Chief needs to have a broad knowledge not only of security matters, but also of Bureau policy as a whole. Mr. Sizoo has this knowledge and the ability to use it. His judgment and over-all application to his duties are definitely above average. He is particularly good at getting things done without delay--he takes hold of a problem and stays with it until he gets the answer. He handles a large volume of work. He works very well as part of a team effort and reaches out to take responsibility instead of trying to avoid it. Mr. Sizoo is thoroughly loyal to the Bureau, is alert, and takes the initiative rather than waiting for instructions; consequently, he needs a minimum of supervision.

Mr. Sizoo represents the Bureau as an alternate on a highly important security committee of the Government.

On October 24, 1955, the Director thanked the president of a civic group for commendatory remarks on an address made by Mr. Sizoo.

Mr. Sizoo is entitled to a rating of Satisfactory.

O D

Part II - Specific Comments

1. Justification for Any Minus Ratings Given - Not applicable.
2. Experience and Ability as Inspector's Aide - Not applicable.

3. Participation in Informant Programs

Mr. Sizoo is constantly required to analyze and evaluate the handling of informants during his daily work. He is well qualified.

4. Testifying Experience and Ability - Not applicable.

5. Disciplinary Action

Criticized on May 26, 1955, for failure to see that certain information was included in an outgoing letter, in accordance with instructions; on September 2, 1955, for failure to detect an error in a memorandum; on November 2, 1955, for failure to detect nonsubstantive errors in correspondence reviewed by him; and on December 21, 1955, for failure to detect an error in a memorandum.

6. Accounting Information - Not applicable.

7. Police Instruction - Not applicable.

8. Sound Training - Not applicable.

9. Potentiality for and Interest in Administrative Advancement

Mr. Sizoo is performing a very important function in his present position and his services are highly valuable to the Bureau in that capacity. He is, however, available for any assignment and he is qualified for further advancement in the Bureau.

Reference is made to memorandum dated June 25, 1956, to all Bureau officials and Supervisors relative to physical training.

On Friday, June 22nd, I had a planters wart removed at Bethesda Naval Hospital. I have an appointment at the hospital on July 5th, at which time I will ascertain from the doctor as to whether or not I should participate in physical training in view of the fact it is understood that planters warts are contagious.

Unless advised to the contrary, I will not commence physical training on July 2 and you will be advised as to the doctor's instructions in this regard.

Dear Mr. Sizoo:

The brief recently prepared for my use in connection with the practice emergency evacuation of Washington failed to include certain vital information. This omission was caused by an error of judgment on the part of an employee who was under your supervision and who did not consult you concerning the inclusion or omission of the data in question. It is apparent, therefore, that your supervision of this very important project was inadequate.

Accordingly, the Bureau will expect you in the future to give more careful attention to important operations of this nature so that any similar deficiencies may be avoided.

Very truly yours,

This memorandum is submitted in accordance with your request for facts relating to your inquiry of me yesterday concerning the status of the Director's brief for use in his conference with the Attorney General this morning.

As I recall, your inquiry of this office was made shortly after 3:00 PM while Mr. Hennrich was in the gymnasium. I advised you that I had just discussed the status of the brief with Section Chief Bland of the Subversive Control Section. (This brief was a joint effort on the part of Supervisor Theron D. Rushing and Supervisor James E. McArdle of the Subversive Control and Liaison Sections, respectively.) Bland advised at the time of our discussion that the brief was up to date, that Rushing was maintaining close contact with McArdle, and that any changes would be immediately included in the brief. I have since learned that Rushing checked this matter yesterday morning with McArdle and Bland also checked with McArdle about noon time and both were advised that there were no additional changes to be made in the brief.

McArdle is submitting a separate memorandum in connection with this matter.

This is for information.

This is a brief and concise summary of Mr. Sizoo's record for the Director's use.

Mr. Sizoo entered on duty as a Special Agent on 11-1-38 and has completed Twenty-one years service in the Bureau on 7-10-56, having served as a messenger from 7-10-35 to 11-1-38. He is presently in Grade 16, \$13,115 having been reallocated to that grade on 12-6-53. He has been serving as Inspector in Charge of the Internal Security Liaison Branch since 8-25-55.

Since his designation as Inspector in Charge in the Domestic Intelligence Division he has received 5 letters of CENSURE; one on 9-2-55 for failure to detect an error in a memorandum; on 11-2-55 for failure to detect nonsubstantive errors in correspondence reviewed by him; and on 12-21-55 for failure to detect an error in a memorandum; on 4-13-56 for failure to detect a number of nonsubstantive errors appearing in official correspondence reviewed and approved by him and on 7-23-56 inasmuch as a brief prepared for the Director's use in connection with the practice emergency evacuation of Washington failed to include certain vital information. This omission was caused by an error of judgment on the part of an employee who was under his supervision and who did not consult him concerning the inclusion or omission of the data in question. He otherwise has an excellent over-all record.

By letter dated 4-6-56 he was COMMENDED for his excellent supervision of the trial of the Smith Act subjects in the New Haven Division which had been brought to a favorable conclusion.

On 9-7-55 the Director saw Mr. Sizoo and advised him that his new duties in the Internal Security - Liaison Branch of the Domestic Intelligence Division were a very great challenge to his capabilities. Mr. Sizoo indicated he thoroughly recognized the importance of the assignment and intended to do the very best he could in handling it in the manner the Bureau desired.

By letter dated 7-10-56 the Director congratulated him on his twenty-first anniversary with the Bureau.

Mr. Joseph A. Sizoo

Dear Mr. Sizoo:

A recent failure of you and your subordinates to have readily available certain pertinent information in answer to an urgent inquiry made on September 7, 1956, regarding Jacob K. Javits reflects a lack of proper judgment and initiative on your part. You should have been well aware of the urgent nature of this matter and you should have taken appropriate measures to insure that the pertinent information in our files would be readily available in the event of an inquiry. Because of your failure to do this an unreasonable delay occurred in making the data available.

Your failure in this instance was inexcusable and I must insist that you display more initiative and a greater recognition of the necessity of protecting the Bureau's best interests.

Very truly yours,

J. Edgar Hoover

In accordance with the Director's memorandum of May 10, 1955, records have been maintained of the errors in correspondence and of the reviewing officials who approve correspondence with nonsubstantive errors contained therein. During the period May 10, 1956, through September 5, 1956, Inspector Joseph A. Sizoo had ten such errors charged against him. A review of the errors reflected that most were typographical and grammatical errors.

I have discussed these errors with Inspector Sizoo and have emphasized the necessity of his reviewing mail even more carefully in the future.

RECOMMENDATION:

It is recommended that this memorandum be forwarded to the Administrative Division and that a letter of censure be prepared and addressed to Inspector Sizoo.

Dear Mr. Sizoo:

I desire to convey to you my complete dissatisfaction with the manner in which dissemination was made of information in the Bureau files pertaining to Jacob K. Javits and the utter failure on the part of you and your subordinates to properly evaluate the weaknesses in the operation of the Special Memoranda Unit as disclosed by the Javits case. This very serious problem did not receive the careful study and consideration it warranted but was handled in a most superficial manner reflecting gross indifference and inefficiency on the part of all involved.

I shall expect appropriate steps to be taken without delay to correct the obvious weaknesses in the Special Memoranda Unit and it will be your personal responsibility to insure that this is done and that similar shortcomings do not occur in the future.

Dear Mr. Sizoo:

It has come to the attention of the Bureau that since September 6, 1955, you have been charged with failing to detect a number of nonsubstantive errors in official correspondence which was reviewed and approved by you. Although these errors were later detected and necessary corrections were made before the communications left the Bureau, you should have detected the errors when you reviewed the mail.

It is realized that in the course of your official duties you are required to review a large volume of correspondence; however, the Bureau must insist that in the future you exercise greater care in carrying out this phase of your responsibilities.

Very truly yours,

In accordance with instructions contained in the Director's memorandum dated May 10, 1955, records have been maintained of the errors in correspondence and of the reviewing officials who approve correspondence with nonsubstantive errors contained therein. During the period September 6, 1956, through November 2, 1956, Inspector Joseph A. Sizoo had ten such errors charged against him. A review of the errors reflected that most were typographical and grammatical errors.

I have discussed these errors with Inspector Sizoo and have emphasized the necessity of his reviewing mail even more carefully in the future.

RECOMMENDATION:

It is recommended that this memorandum be forwarded to the Administrative Division and that a letter of censure be prepared and addressed to Inspector Sizoo.

Dear Mr. Sizoo:

I want you to know how highly pleased I was with the very fine cocktail party given last night by the Liaison Representatives. I am mindful of the heavy burdens placed on you in the absence of Mr. Belmont and feel that you handled your responsibilities in an excellent manner.

It was quite apparent that everyone in attendance enjoyed themselves thoroughly and I am sure the work of the Bureau in the future will benefit from the good will created on this occasion.

SUBJECT: AUTOMOBILE ACCIDENT
INVOLVING JOHN P. MOHR
AND JOSEPH A. SIZOO

b6

While driving home from the office last evening, I stopped for traffic ahead of me on Old Dominion Drive near Abingdon Street in North Arlington and a car driven by [redacted] struck my car from the rear. This accident occurred at 8:10 PM. [redacted] attention having been momentarily diverted by oncoming traffic, he was unable to stop before striking my car when he realized that my car was standing still. He was charged by Arlington police for following too closely. Mr. Mohr was thrown forward and struck his right knee against the dash of my car. He could walk, however, and said he thought it was only a bruise. However, since Mohr had commented coming home that he was not feeling well and had a chill, I flagged down a neighbor and arranged to have him taken home immediately. I talked to Mrs. Mohr last night and again this morning. He is still in bed and not feeling at all well and has not been on his feet. He feels, however, the knee is only bruised and not seriously injured. I suggested to Mrs. Mohr that they should not take chances with the knee and that it was desirable that as soon as he was able to get about to have the knee X-rayed.

I will be in touch with Mrs. Mohr and report any additional significant information.

Dear Mr. Sizoo:

It has been noted that there was a serious failure on the part of the Domestic Intelligence Division to comply with instructions issued to that division on January 8, 1957, to supply material relating to the Hungarian Refugee Program. The instructions, which were clear and unequivocal, were not followed and the material which was submitted consisted of a conglomeration of memoranda which was incomplete. Inasmuch as you were acting in charge of the division at the time in question, you were responsible for proper compliance with the instructions in question and the shortcomings mentioned above reflect adversely upon your supervision.

Consequently, it will be necessary for you to make certain that in the future all such instructions are complied with completely and satisfactorily and derelictions of the nature mentioned above are avoided.

2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.

A. Any element rated "Unsatisfactory" must be supported by narrative comments.

B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

RE: JOSEPH A. SIZOO

PART I GENERAL COMMENTS

During the entire rating period, Mr. Sizoo held the position as Inspector in Charge of the Internal Security-Liaison Branch of the Domestic Intelligence Division, thus having administrative and supervisory responsibility for three Sections - namely, Internal Security, Subversive Control, and Liaison. In the absence of the Assistant Director, Mr. Sizoo has taken charge of the Division in its entirety.

In either capacity, Mr. Sizoo carries a heavy responsibility. During the past year, the fast-moving events in the security field have required a careful yet very aggressive approach, a maximum of supervision, a continuous analysis of policy, and a sense of timing that permits us to carry on our offense against subversive elements while still insuring that our programs are proper and meet the high principles of the Bureau. Mr. Sizoo has met this challenge squarely and has shown above average judgment, knowledge of Bureau policy, and the alert, enthusiastic approach necessary to carry on the work. He is thoroughly experienced, very loyal to the Bureau, and readily accepts responsibility.

On April 6, 1956, the Director commended Mr. Sizoo in connection with the Smith Act trial in New Haven. On December 5, 1956, the Director expressed his pleasure for Mr. Sizoo's part in liaison functions.

In addition to his other duties, Mr. Sizoo represents the Bureau as alternate on a highly important security committee of the Government.

As a result of his experience at the Seat of Government, not only in the Domestic Intelligence Division but also in other Divisions of the Bureau, Mr. Sizoo has a thorough knowledge of Bureau policy. He is vigorous and alert in his approach.

In rating Mr. Sizoo "Excellent," I have taken into account the action reflected under item 5 of this report, Section II.

Jar

PART II SPECIFIC COMMENTS

1. Justification for any Minus Ratings Given - Not applicable.
2. Experience and Ability as Inspector's Aide - Qualified but not used. (Mr. Sizoo is an Inspector.)
3. Participation in Informant Programs. - In an administrative capacity, he has shown excellent results.
4. Testifying Experience and Ability - Not applicable.
5. Disciplinary Action - The Director called his attention to failure to detect nonsubstantive errors in material reviewed by him on April 13, September 13, November 19, 1956, and March 25, 1957. On July 23, 1956, he was censured for failure of a supervisor to include necessary information in a summary memorandum. On September 11, 1956, he was criticized for failure of himself and his subordinates to have readily available pertinent information in answer to an urgent inquiry, and on September 24, 1956, in connection with the same case, the Director expressed his dissatisfaction with the failure to properly evaluate weaknesses in the Special Memoranda Unit. On January 14, 1957, the Director called attention to failure of the Division to comply with instructions to supply material regarding the Hungarian Refugee Program.
6. Accounting Information - Not applicable.
7. Police Instruction - Not applicable.
8. Sound Training - Not applicable.
9. Potentiality for and Interest in Administrative Advancement

Mr. Sizoo is available for any assignment and is interested in administrative advancement. His experience, knowledge, enthusiasm and capability qualify him for further advancement. His present assignment carries heavy responsibilities and his services to the Bureau are highly valuable in his present capacity.

Dear Mr. Sizoo:

Your attention is directed to the inadequacy of certain material relating to the retrial of the Smith Act case involving [redacted] and others which was prepared for my use on October 18, 1957, at a conference with the Attorney General. Hereafter, I shall expect you to carry out the duties of your position with a higher degree of care and thoroughness so that a delinquency of this type will not recur.

In connection with the entertainment planned for the wives of National Academy graduates, the luncheon was held today at Presidential Arms. It was also attended by a limited number of clerical employees and wives of FBI Agents. Everyone seemed to enjoy the luncheon and fashion show and many comments were made indicating that the party was a huge success. Such comments as "It was the best luncheon-fashion show I have ever attended", "Everything was just perfect" were made.

A most delicious luncheon was served, and the Fashion Show itself, which was put on by "Inga", local TV personality, was exceedingly well handled and the dresses were ideally selected for the audience. The music provided during the luncheon and fashion show was most appropriate and after the fashion show there was a tremendous round of applause.

The Committee which planned the party consisted of O.H. Bartlett, A. E. Leonard, E. J. Ingram and myself and considerable time and effort were undertaken in making the arrangements. Mr. Bartlett made the outside contacts in connection with locating a place to hold the luncheon, as well as preliminary arrangements for the fashion show. Leonard and Ingram also contributed much to the success of the enterprise and my secretary, [redacted] handled much of the clerical work which was involved in the luncheon and was of considerable assistance. In addition, [redacted] of this Division handled ticket arrangements.

In view of the interest and enthusiasm displayed by the above-named employees toward this endeavor, it is recommended that each be commended by the Director.

In accordance with instructions contained in a memorandum to all Bureau officials and Supervisors dated April 4, 1957, records have been maintained of the errors in correspondence and of the reviewing officials who approve correspondence with nonsubstantive errors contained therein. During the period April 8, 1957, through December 27, 1957, Inspector Joseph A. Sizoo had ten such errors charged against him. A review of the errors reflected that most were typographical and grammatical errors.

I have discussed these errors with Inspector Sizoo and have emphasized the necessity of his reviewing mail even more carefully in the future.

RECOMMENDATION:

It is recommended that this memorandum be forwarded to the Administrative Division and that a letter of censure be prepared and addressed to Inspector Sizoo.

I am taking this opportunity to express my appreciation for your splendid over-all supervision and guidance of the Bureau's responsibilities in connection with the retrial of Junius Irving Scales, Smith Act subject.

Particularly impressive, I feel, was the intelligent and forthright manner in which you resolved by conferences with officials of the Department the many problems affecting the Bureau's interests which arose during preparation for the retrial of Scales. Congratulations upon a very fine job.

JOSEPH A. SIZOO

PART I GENERAL COMMENTS

As Inspector in Charge of the Internal Security-Liaison Branch of the Domestic Intelligence Division, during the rating period, Mr. Sizoo had direct responsibility for the Internal Security, Subversive Control and Liaison Sections. In addition, he took over the running of the entire Domestic Intelligence Division in the absence of the Assistant Director.

In view of the constantly changing picture in the security field, the responsibilities of Mr. Sizoo have been many and varied, requiring careful judgment, delicate handling, and a thorough and up-to-date knowledge of Bureau policy. In each of these areas Mr. Sizoo has excelled. His approach has been aggressive, yet careful, and has been characterized by alertness and enthusiasm. He seeks responsibility, rather than making any attempt to avoid it. Mr. Sizoo has a wide range of experience in various divisions of the Bureau and is a thoroughly experienced and loyal representative of the Bureau.

On 11/8/57 the Director commended Mr. Sizoo for his part in the handling of guests of the FBI National Academy Associates. A memorandum dated 2/19/58 reflects a highly commendable attitude on his part in performing his regularly assigned duties despite extremely hazardous weather conditions. On 3/11/58 Mr. Sizoo was commended by the Director for his splendid over-all supervision and guidance in connection with the retrial of Junius Irving Scales.

Mr. Sizoo continues to represent the Bureau as alternate on a highly important security committee of the government.

During the rating period it was necessary for the Assistant Director to be away from the Division on official duties a considerable portion of the time. During this time Mr. Sizoo ran the Division in an above-average manner.

I have taken into account the action reflected under item five of this report (Part II), in rating Mr. Sizoo as EXCELLENT.

REASON FOR REQUEST:

During annual physical examination 3-10-58, this F.B.I. S.A. was reported to have T-wave changes, a repeat ECG 3-14-58 reported the same T-wave changes and recommended cardiac evaluation. Enclosure has some tracings 1952-1957.

CONSULTATION REPORT

4 April 1958

This 47 year old man has had no symptoms referable to his cardiovascular system. He has been normally active, swimming every summer without any symptoms. His past and family history is non-contributory. He is referred in because of abnormal T-wave changes found on routine annual electrocardiogram.

Physical Examination - reveals a well-developed, well-nourished, healthy appearing male of 47 who appears much younger. The optic fundi revealed slight arteriolar narrowing, slight increase in arteriolar reflex strip and equivocal A-V crossing changes. The blood pressure in the right arm is 160/90 and slightly higher in the right leg. Peripheral pulses are all equal and of good volume without abnormality. There is slight neck vein pulsation and slightly positive hepato-jugular reflux. There was no edema or hepatic enlargement, and the lungs were clear. The heart was not enlarged clinically. The heart sounds were normal. No gallops or murmurs were heard. The 2nd sound was of normal intensity and split.

Fluoroscopic examination disclosed the heart shadows to be within normal limits. There was no great vessel abnormality. There was 1+ posterior displacement of the esophagus, by the left atrium, and the left ventricle appeared minimally enlarged posteriorly.

His electrocardiograms on file from 1948 to the present have shown slight decrease in voltage over the antero-lateral cardiac surface. In the tracing of 1957 there was definite inversion of the T-wave in lead I, AVL and V5 and 6 which is slightly more prominent on the 2 tracings taken in 1958 (3-5-58 and 4-4-58).

ENCLOSURE 7-60045-328

Statistically coronary artery disease is the most likely cause of the T-wave abnormality in this 47 year old male. In the absence of symptoms or other objective findings of heart disease, no therapy or change in mode of living appears indicated. He was advised to keep his weight down and reduce his weight intake. Moderate physical activity was encouraged. His blood pressure was borderline. It was suggested that this be rechecked in 6 months. If the levels rise, some mild hypotensive agent should probably be instituted.

Impression: Abnormal electrocardiogram without other definite evidence of cardiovascular disease.

Referral/Consult

(S) This information was carefully analyzed by the Domestic Intelligence Division
(S) and it was our feeling that the Bureau would be in a vulnerable position disseminating
partial information received from [redacted] Referral/Consult [redacted] b1
[redacted] Referral/Consult with full information were hesitant to disseminate it. We do
(S) not know the purpose of [redacted] Referral/Consult [redacted] b1

(S) We also were not certain what was
meant about [redacted] Referral/Consult [redacted] and felt that with the limited information
[redacted] might permit the Bureau to be
accused of endangering the life of some individual, if this is actually the case. In view
of these factors, we felt that Honolulu should be advised to inform [redacted] Referral/Consult
[redacted] Referral/Consult that he should furnish the information to his headquarters in Washington for
their decision as to dissemination. It is noted that subsequently on June 17, 1958,
Honolulu advised by radiogram that [redacted] Referral/Consult [redacted] was disseminating
[redacted] Referral/Consult [redacted] b1 [redacted] channels. We felt this is the
proper way this should have been done in the first place.

re: PHILIPPINE POLITICAL ACTIVITIES

RECOMMENDATION:

While the foregoing was our reasoning in connection with the handling of the information from Honolulu, it is now recognized that despite these views, we did have the information in our possession and should have either disseminated the information or immediately called our views to the attention of the Director so he could pass on this question. Instead of doing this, we prepared a memorandum with attached radiogram to Honolulu based on the premise that no dissemination would be made by the Bureau. It is recognized this was improper and in my absence Inspector D. E. Moore made the decision in this matter. In view of the failure of the Division to properly handle this matter, it is recommended that a letter of censure be directed to Moore.

I participated in the decision as to the action to be taken in this matter yesterday, 6/17, acting in the absence of Mr. Boardman. I am also responsible for failure to have action taken on this matter on 6/17/58, and should also be censured.

PERSONAL

Mr. Joseph A. Sizoo
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Sizoo:

I have noted that on June 17, 1958, you participated in a decision concerning the handling of certain information relative to alleged improper activities abroad of American citizens and you were remiss in failing to demonstrate an awareness of all of the ramifications of this situation. Before a certain course of action was adopted you should have recognized the need to present the matter for appropriate consideration and you were at fault in not having this done.

Hereafter I shall expect you to manifest greater foresight and perception in carrying out your official responsibilities so that no other occasion will arise to criticize you.

Very truly yours,

J. Edgar Hoover
